Meeting Minutes

- 1. Call to Order:** In the absence of both the chair and vice chair, Commissioner Tim Brown called the meeting to order at 9:35 a.m.
- 2. Opportunity for Public Comments:** No comments were made by the public.
- 3. Staff Update:** KTMPO staff provided the following updates

--Cheryl Maxwell stated that KTMPO hired a new senior planner.

--Ms. Maxwell stated that there will be no December TPPB meeting.

--Jim Martin provided an update on the Freight Advisory Committee meeting. Mr. Martin stated that a representative from Baylor Scott & White and Phil Haggerty of BISD have agreed to be part of this committee. KTMPO are continuing their search for private industries to be part of this committee.

--John Weber provided an update on the Bicycle/Pedestrian Advisory Committee (BPAC) meeting. The next BPAC will be held on January 10, 2017 at 9:00 a.m. At the last BPAC meeting, BPAC members identified corridors where bike and pedestrian infrastructure are located and approved elements of the Fitness Friendly Business Program.

--For the month of October, ozone readings were 70 parts per billion (ppb) at the Killeen station and 65 ppb at the Temple station. The Design Value is 67 ppb at both stations.

Vice Chair Frank Seffrood arrived and presided over the remainder of the meeting.

4. Action Item: Regarding approval of minutes from October 19, 2016 TPPB meeting.

Carole Warlick made a motion to approve October 19, 2016 TPPB meeting minutes, seconded by Bobby Littlefield; the motion passed unanimously.

5. Action Item: Regarding approval of updated agreement with Hill Country Transit District.

Councilmember Juan Rivera made a motion to approve the updated agreement with HCTD, seconded by Councilmember Gregory Johnson; the motion passed unanimously.

6. Action Item: Regarding initiation of the public involvement process for amendment to the FY2017-2020 Transportation Improvement Program (TIP) for adjustments to the following projects:

a) Killeen Heritage Park Hike and Bike Trail (KTMPO ID K40-21a);

b) Salado Hike and Bike Trail—Royal Street (KTMPO ID S40-01).

Cheryl Maxwell explained that an amendment is needed since both projects' extents have changed. She described the changes for both projects and presented a tentative schedule. The public comment period will start on November 19th and end on December 3rd. Two public hearings are scheduled for November 29 at Noon at the City of Killeen Council Chambers and at 5:00 PM at the Village of Salado Municipal Building. Action to approve the amendments is anticipated at the January TAC and TPPB meetings.

Commissioner Tim Brown made a motion to initiate the public involvement process, seconded by Mayor Jose Segarra; the motion passed unanimously.

7. Action Item: Regarding approval of amendment to the 2040 Metropolitan Transportation Plan (MTP) to incorporate revised project priority listing.

Cheryl Maxwell stated that the public comment period ran from October 22, 2016 to November 5, 2016 with public hearings held on October 25, 2016 in Killeen and Belton. No comments were submitted to KTMPO. Ms. Maxwell explained that transit projects were submitted for the MTP project listing update

but were not scored and ranked. Transit projects are eligible for Category 7 funding and future funding dedications to transit will be considered when the funding becomes available and projects are selected. KTMPO proposes to process another MTP amendment in the next few months to add the transit projects to the MTP project listing in a separate section where they will be shown as unfunded. TAC recommended approval of amendment to the 2040 MTP, subject to any comments received during the public comment period.

Erin Smith made a motion to approve the MTP Project Listing amendment, seconded by Brian Chandler; the motion passed unanimously.

8. Special Presentation: Active Transportation Planning and Design, Laura Dierenfield and Katherine Gregor, City of Austin.

The active transportation planning and design presentation was cancelled.

9. Member Comments. No comments were made.

10. Adjourn: The meeting adjourned at 9:45 a.m.

Mayor Marion Grayson, Chair

Cheryl Maxwell, MPO Director

Item 5:

**Recommendation to Approve
FY2017-2020 TIP Amendment**

FY2017-2020 Transportation Improvement Program (TIP) Amendment

UPDATE

At the meeting on November 16, 2016, the policy board approved initiation of the public involvement (PI) process for two TIP amendments—one for a Killeen project and one for a Salado project (see summaries below). The PI process includes a 15-day public comment period and a public hearing. The public comment period ran from November 19 through December 3, 2016, with public hearings held on November 29th in Killeen and Salado.

Public hearings were held for both projects, however, since then, the Salado Project has been pulled by the Village of Salado (withdrawal letter enclosed) due to complexity of the submittal. We did receive some public feedback at the hearings. One comment was from a reporter with the Salado Village Voice with concerns regarding the Salado Salamander population, the visibility of a particular crossing, and the illegal use of golf carts on the pathway (Comment Card enclosed). The concept of Livability Projects was well received at the Killeen public hearing with 2 attendees from the public present.

Staff is seeking approval of the TIP amendment for the Killeen project only, since the Salado project has been withdrawn.

Amendment 1 Summary—Killeen Project:

Last year, the City of Killeen was awarded Statewide Transportation Alternatives Program (TAP) funds through TxDOT for Segment 4 of the Heritage Oaks Hike & Bike Trail. This project was added to the TIP in November 2015. This project includes a multi-use lighted trail with a total width of 16 to 18 feet and will have several neighborhood connections along with appropriate pedestrian ramps, striping, signage and street crossings. This project was included in the FY2017-2020 TIP extending from Rosewood Elementary School property to US Army Corps of Engineers (USACE) property approximately 1-mile north of Cedar Gap Park. The extent of the project has now changed and an amendment is needed. The new extent is from Platinum Drive to Chaparral Road. The KTMP ID for this segment is K40-21a. The remaining segment extending to USACE property to the south is now segment 5 (K40-21b); funding has not been allocated for segment 5.

Amendment 2 Summary—Salado Project: THIS PROJECT HAS BEEN WITHDRAWN

Last year, the Village of Salado was awarded Transportation Alternatives Program (TAP) funds through TxDOT's 2015 Statewide TAP Call for Projects. This project was added to the TIP in February 2016. This project includes a 10-foot-wide concrete pedestrian and bicycle trail. This project was included in the FY2017-2020 TIP extending from near the intersection of College Hill Drive and Main Street, north along Peddlers Alley to Salado Creek, then meandering east to a pair of loops between Peddlers Alley and Center Circle. The project extent has changed along with the funding. The new extent is from Salado Creek, along Royal Street to Baines Street. An amendment to the TIP is needed to accommodate these changes.

Background:

The TIP is a 4-year transportation planning document that includes a detailed listing of projects reasonably expected to begin within a four-year period. The current TIP covers FY17 through FY20. Projects included in the TIP must be consistent with the Metropolitan Transportation Plan (MTP) and are chosen based on regional priority and available funding. An amendment to a TIP is not completed until the change has also been included in the STIP—Statewide Transportation Improvement Program.

Tentative Schedule:

- November 2, 2016—TAC recommendation to initiate public involvement process for TIP amendments;
- November 16, 2016—TPPB approval to initiate public involvement process for TIP amendments;
- November 19--December 3, 2016—Public Comment Period;
- November 29, 2016—Public Hearings—Killeen and Salado;
- January 4, 2017—TAC recommendation to approve TIP amendments;
- **January 18, 2017—TPPB approval of TIP amendment.**

The Technical Advisory Committee recommended approval of the TIP amendment at their meeting on January 4, 2017.

Action Needed:

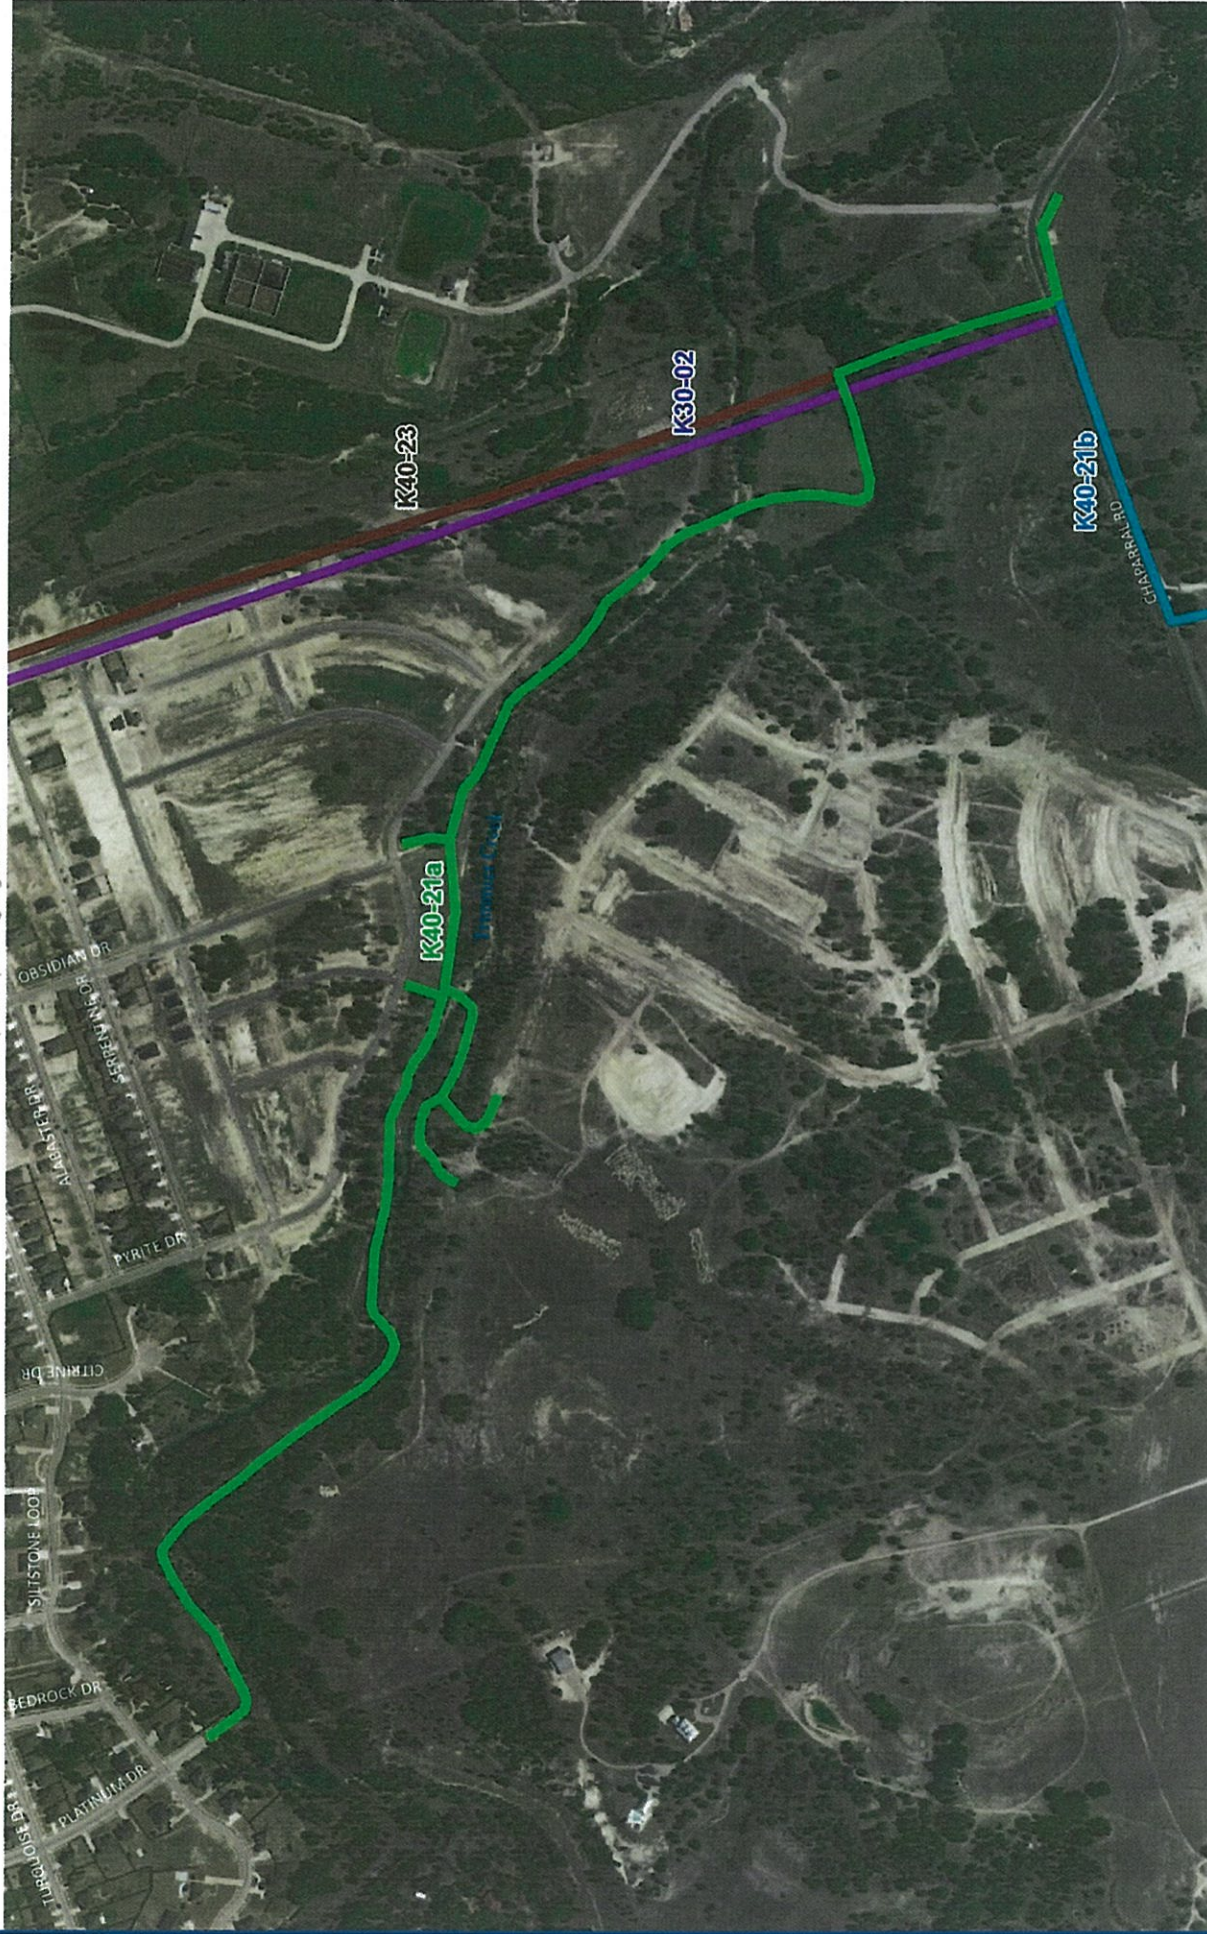

Approval of amendment to FY2017-2020 TIP for adjustments to Killeen Heritage Park Hike and Bike Trail (KTMPPO #K40-21a).

Re: TAP Grant/Village of Salado

Dear Kris,

Please allow this letter to serve as official notification that the Village of Salado has opted not to pursue the proposed TAP grant at this time. Given the complexity of the submittal, the Village of Salado respectfully withdraws our application for this grant. We look forward to the possibility of resubmitting at the next call for projects offered by Texas Department of Transportation.

Thank you for your understanding and assistance with this matter. I look forward to working with you again in the future.

Sincerely,

A handwritten signature in black ink, appearing to read "David Miller", is written over the word "Sincerely,".

Comments:

(MORE ROOM ON BACK)

This is a needed project. My concern would be the possible impact at the trail beginning on the Salado Salamander.

The crossing at College & Royal needs to be highly visible and marked.

Perhaps the path could be less than 10 foot in width. There is concern that this might lend itself to golf carts driving illegally on ~~the~~ the walking path.

**Tasks and studies for
FY2018/2019 UPWP**

Tasks and Studies for FY2018/2019 UPWP

The Unified Planning Work Program (UPWP) provides descriptive and scheduling details for the Killeen-Temple Metropolitan Planning Organization (KTMPO) planning process for a two-year period. The UPWP serves as a base document for carrying on the continuing, cooperative, and comprehensive transportation planning process in the Killeen-Temple urbanized area. It serves as our work plan and identifies tasks and subtasks that we plan to undertake during the plan period and the associated budget for these tasks. Attached is an excerpt from the current UPWP showing tasks and subtasks for FY16/17.

We are in the process of updating this plan for the upcoming FY18/19 period and would like TPPB input on potential projects and/or studies that may be needed in our region. These may include corridor studies. Note that our MTP update will be due May 2019 so several tasks will be associated with this update.

We anticipate the following timeline as we update the UPWP:

Tentative Schedule:

- January 4, 2017—TAC discussion on potential tasks/studies
- **January 18, 2017—TPPB discussion on potential tasks/studies**
- February 1, 2017 TAC review/discussion of draft UPWP
- February 15, 2017 TPPB review/discussion of draft UPWP
- March 1, 2017 TAC recommendation for approval of draft UPWP; initiation of public involvement (PI) process
- March 15, 2017 TPPB approval of draft UPWP; initiation of PI process
- March 18 – April 17—30-day public comment period; 2 public hearings locations/dates TBD
- May 3, 2017 TAC approval of final UPWP
- May 17, 2017 TPPB approval of final UPWP
- June 1, 2017—UPWP due to TxDOT

The Technical Advisory Committee was asked for their input on potential projects and/or studies to be included in the Unified Planning Work Program at their January 4, 2017 meeting to be received by January 20, 2017.

Action Needed:

No action needed; for discussion only.

TASK 1.0 ADMINISTRATION / MANAGEMENT

A. OBJECTIVE:

To ensure that the metropolitan area transportation planning process is a fully cooperative, comprehensive and continuing activity. This is characterized by a pro-active public involvement process, constant monitoring of on-going planning activities, and assurance that all modes of transportation are given consideration as elements of a multi-modal urban transportation system in the overall planning process. This task also ensures the incorporation of previous federal legislation and MAP-21 requirements.

B. EXPECTED PRODUCTS:

The expected product is a management structure that accomplishes established planning objectives in conformance with state and federal requirements. All UPWP tasks will be budgeted and scheduled in advance to assure that the majority of efforts are properly sequenced and resourced. Planning documents produced may include the Annual Performance and Expenditure Report, modifications to the Bylaws (as needed), any necessary amendments, congestion management process, FHWA Federal Certification Review responses, and the Annual Project Listing.

C. PREVIOUS WORK

1. Preparation of the FY 2014 Annual Performance and Expenditure Report, FY2014 Annual Project Listing, and the FYs 2014-2015 UPWP update, and processed 2 amendments.
2. Conducted TPPB and TAC meetings.
3. Attended Transportation Commission meetings and provided timely presentations regarding various modes of transportation to TPPB and TAC.
4. Maintenance of a management structure that accomplishes the planning objectives set forth.
5. Attended local and statewide MPO Meetings, various training courses, and annual conferences.
6. Developed and maintained data on minority and disadvantaged population for Environmental Justice (EJ) purposes.
7. Continued to provide administrative support to all MPO entities and members as requested to include data, maps, information, and presentations.
8. Continued to provide the public with up-to-date transportation related information via email and an expanded KTMPO website to include: social media, presentations, KTMPO meeting materials, transportation related news from all partners, current KTMPO transportation planning documents, and various transportation planning educational materials. These efforts have enhanced the technical capacity of the members.
9. Continued maintenance agreements regarding GIS software and additional costs for shared equipment in the CTCOG facility including maintenance on copy machines, plotters and computer equipment.
10. Worked with the TPPB/TAC on the competitive selection of projects for Category 7 and Category 9 funds.
11. Worked with federal and state partners through the Federal Certification process.

D. SUBTASKS –

1.1. General Administration

Work items under this subtask include reports, correspondence and documentation of actions for the record, inventory, accounting and financial management, staff supervision and personnel administration, meetings, TAC and TPPB support, staying abreast of rules and regulations from TXDOT, FTA, and FHWA regarding MAP-21, and other administrative duties and correspondences.

1.2. Training

Staff will attend seminars, workshops, conferences, and courses appropriate for the purpose of increasing staff familiarity and expertise with transportation planning, which includes all modes of transportation.

1.3. Travel

Staff travel will primarily be utilized for the following tasks: workshops or meetings conducted by TXDOT/FHWA/FTA, the State Transportation Planning Conference, regional KTMPO business, Waco/Brownwood Districts, TXDOT meetings and briefings, local MPO efforts, and meetings of the Texas Association of Metropolitan Planning Organizations (TEMPO). The MPO may send representative(s) to the Association of MPOs' national meeting and to other national/state/local meetings where transportation issues and/or workshops/trainings are presented. The KTMPO staff will seek prior approval for "out of state" travel.

1.4. Equipment

Equipment needs for the KTMPO may include software and automation maintenance services in order to meet the local transportation planning needs. The automation needs for the KTMPO may include, but are not limited to the following: IT infrastructure, GPS units, congestion monitoring data and equipment, data collection devices, servers, computers, peripherals, furniture, and general office equipment. KTMPO staff will obtain all necessary approvals prior to all purchases over \$5,000.

1.5. Operating Costs

The MPO will incur costs associated with rental and operation costs. These costs include but are not limited to building expenses, office supplies, copying, printing, equipment rentals, utilities, repairs, and maintenance cost.

1.6. Develop UPWP

MPO staff will coordinate with the TPPB to assess the status of the MPO and the needs of members and plan a budget for the next year's scope of work. MPO staff will review and amend the UPWP in FYs 16 & 17 as needed and will develop the next two year UPWP in 2017.

1.7. Title VI Civil Rights Evaluation/Environmental Justice

The MPO will continue to follow recent guidance on Title VI and EJ compliance for all projects and procedures. This subtask will include such items as attending state and federal workshops and briefing the TPPB and TAC on current issues regarding Title VI and EJ compliance. The MPO will utilize various analysis tools related to Title VI. Analysis tool(s) will continue to be integrated into project selection for the development of the MTP and the TIP. Additionally, we will continue to evaluate and make amendments to the adopted PPP for the KTMPO based on any finding from our evaluation on Title VI and EJ compliance for all projects and procedures. Any training/travel related expenses will be charged to Section(s) 1.2 and 1.3. Staff time for Title VI related activity will be charged to this task.

(1) TPF – This includes both FHWA PL-112 and FTA Section 5303 funds.

Estimate based on prior years authorizations. Approvals are made contingent upon legislation for continued funding.

TxDOT will apply transportation development credits sufficient to provide the match for FHWA PL-112 and FTA Section 5303 programs. As the credits reflect neither cash nor person-hours, they are not reflected in the funding tables.

TASK 2.0 DATA DEVELOPMENT AND MAINTENANCE

A. OBJECTIVE

Developing and maintaining a good database is essential to determine existing as well as future transportation demand. The purpose of this element is to continue to improve that database, including population, income and housing, crash records, traffic counts, land use and development data, information on special generators; all based upon traffic analysis zones (TAZ), and census block group areas. All data regarding minority and low income socio-economic groups will be developed and maintained with respect to Title VI requirements.

B. EXPECTED PRODUCTS

The expected products include a computer oriented transportation planning capability with current databases and any needed updates to those databases. MPO staff will create and maintain a system of collecting and reporting local data in support of the regional database. Data sets will be maintained for crashes, GIS development, traffic counts, special generators, and demographic forecasts. All existing equipment will be maintained appropriately.

Data trends reveal that most of the MPO MPA will be reasonably urbanized within the next 25 years. Focus will be on the effects of the Census Urbanized Area and Census Transportation Planning Package (CTPP) data. Continued monitoring of data will enable KTMPO staff to analyze and make recommendations as needed to the KTMPO TPPB.

C. PREVIOUS WORK

The subtasks associated with this task are performed on a continual basis from year to year. Highlights of work completed include:

1. Coordination with TxDOT-Waco/Brownwood Districts and TxDOT-TPP on network and data collection for an updated Travel Demand Model (TDM).
2. Development of GIS data, including the preparation for Census 2010 data.
3. Continued transition to TransCAD software for traffic modeling.
4. Reviewed, analyzed, and submitted additional locations for the 2015 Saturation Counts to TxDOT.

D. SUBTASKS –

2.1. Database Maintenance

Continue to update the roadway network, land use, and socioeconomic data within the MPO MPA. Databases maintained by staff include: traffic crash locations, traffic counts, roadway network, employment data, housing data, and Title VI / EJ information. In addition, staff will collect and maintain trip data from various resources as needed on strategic locations such as: Ft. Hood, local hospitals, airports, schools, and colleges. KTMPO staff will coordinate planning and data collection efforts with TxDOT and possibly other local entities.

2.2. GIS Development

Maintain GIS as required for planning functions. Assist member governments in GIS training as available. Continue to develop and maintain a comprehensive GIS management program to manage GIS layers more efficiently. MPO staff will continue to gather, enter, verify, and/or update data in GIS coverages as described below.

1. Traffic counts, capacity, speeds, length, and crash data
2. Fort Hood network
3. Land Use at TAZ level: population, employment by category, Income, developed vs. undeveloped land
4. Maintain digitized maps of TxDOT/county files and KTMPO TransCAD network
5. Continued supply of base data for modeling in coordination with TxDOT
6. Functional classification
7. KTMPO 2040 MTP multi-modal elements relative to routing, mapping, and planning to include and may not be limited to: Hike/bicycle trails, aviation, rail, freight, and transit
8. Census Transportation Planning Package trends and UZA and MPA boundaries.
9. Environmental Justice / Title VI data.

TASK 3.0 SHORT RANGE PLANNING

A. OBJECTIVE

Conduct short-term planning and potential project implementation within the next four-year period. Staff will continue coordinating short-term planning endeavors throughout the region and encourage more public participation in the planning process. Provision of a safe, clean, reliable public transportation system within the planning region.

B. EXPECTED PRODUCTS

1. TIP revisions and development to program highway, transit, bicycle, and pedestrian projects that are ready to be implemented or constructed.
2. Engage the public through a public involvement process and other programs designed to increase awareness of the transportation planning process.
3. Provide assistance to the multi-county regional public transportation service plan preparation process by attending meetings and providing technical assistance support within the MPA.
4. Continue to meet MAP-21 requirements for short range planning including any needed changes to the next TIP iteration.
5. Continue work with TPPB/TAC on allocation of Category 7/9 funds.
6. Monitoring of 2015-2018 TIP.
7. Modifications to the PPP (as needed)

C. PREVIOUS WORK

1. Development of the FYs 2015-2018 TIP
2. Revisions to the FYs 2013-2016 TIP
3. Coordination and hosting of the Central Texas Regional Transportation Advisory Group (CTR TAG) responsible for updating the Regionally Coordinated Transportation Plan (RCTP)
4. Coordination and hosting of the "Planners Roundtable" for partner planners
5. Coordination and hosting of the Development District of Central Texas (DDCT) quarterly meetings to discuss economic development issues/needs in the area

D. SUBTASKS –

3.1. Transportation Improvement Program

MPO staff will coordinate this effort by meeting with local and TxDOT officials, organizing meetings, adhering to the KTMPO PPP, and publishing any TIP amendments. MPO staff will ensure that each agency reviews the information within the TIP to maintain the most accurate document possible. Staff will monitor and revise the FYs 2015-2018 TIP and develop FYs 2017-2020 TIP.

3.2 Public Involvement, Outreach and Education

Staff will continue to follow the guidelines of the KTMPO PPP regarding public involvement and update that plan as needed. Staff will also offer presentations and materials as requested to the public. Staff will continue to explore new public outreach efforts such as surveys and internet-based outreach mechanisms. KTMPO staff will develop and participate in community outreach programs. Staff will work with local transit entities to provide awareness of the local transit system. These community outreach opportunities will keep citizens informed about the transportation planning process and provide additional opportunity for public input. Staff will provide the public with up-to-date transportation related information via email, social media and the KTMPO website. KTMPO will maintain all functional website information/design through staff and contracted services. KTMPO staff will continue to partner with CTRTAG, the Planners Roundtable and DDCT by hosting meetings and assisting in preparation of meetings.

3.3 Hill Country Transit District – Temple UZA - Planning

KTMPPO provides planning services as requested to Hill Country Transit District in support of the HCTD planning efforts.

HCTD will use FTA Section 5307 funds to administer the grant in accordance with FTA guidelines to perform the following duties:

- Comprehensive planning activities relating to the continued provision of fixed route and complementary para-transit service;
- Review of routes, bus stops, shelter locations, and major transfer points;
- Review of marketing/advertising program;
- Coordination of transportation services;
- Safety and security planning;
- Participation in regional planning efforts;
- Review of air quality issues and use of alternate fueled vehicles;
- Application of software programs for planning and scheduling routes and trips for Fixed Route Service and American's with Disabilities Act (ADA) Complementary Para-transit Service;
- On-going financial planning and analysis; and,
- Other allowable activities directly related to implementation of fixed route and complementary ADA para-transit services.

3.4 Hill Country Transit District – Killeen UZA – Planning

KTMPPO provides planning services as requested to Hill Country Transit District in support of the HCTD planning efforts.

HCTD will use FTA Section 5307 funds to administer the grant in accordance with FTA guidelines to perform the following duties:

- Comprehensive planning activities relating to the continued provision of fixed route and complementary ADA para-transit service for the cities of Copperas Cove, Killeen, and Harker Heights,
- Review of routes, bus stops, shelter locations, and major transfer points;
- Review of marketing/advertising program;
- Coordination of transportation services;
- Safety and security planning;
- Participation in regional planning efforts;
- Congestion management planning, which affects traffic patterns on US 190;
- Review of air quality issues and use of alternative fueled vehicles;
- On-going financial planning and analysis; and,
- Other allowable activities directly related to refining and expanding current fixed route and complementary ADA paratransit services.

3.5 Public Participation Plan

KTMPPO will monitor the PPP to ensure it conforms to MAP 21 federal legislation, along with state and local requirements. Revisions will be implemented as needed to improve the effectiveness of the public input process and KTMPPO will consider appropriate best practices from other MPOs and public agencies.

3.6 Regional Planning Project

KTMPO will participate in regionally coordinated transportation planning to develop and implement the public transportation/human services plan required by HB 3588, enacted by the 78th Legislature in 2003, amending Chapter 461, Subtitle K, Title 6 of the Texas Transportation Code entitled "*Statewide Coordination of Public Transportation*"; Executive Order 13330 (*Human Service Transportation Coordination*) signed on February 26, 2004, and SAFETEA-LU signed on August 10, 2005, both by former President George W. Bush; and adopt any subsequent changes as the legislature deems appropriate.

This may include sharing data, preparing maps, attending or sponsoring workshops, conferences, training sessions, meetings, and providing general transportation planning expertise to the effort.

(1) TPF – This includes both FHWA PL-112 and FTA Section 5303 funds.

Estimate based on prior years authorizations. Approvals are made contingent upon legislation for continued funding.

TxDOT will apply transportation development credits sufficient to provide the match for FHWA PL-112 and FTA Section 5303 programs. As the credits reflect neither cash nor person-hours, they are not reflected in the funding tables.

TASK 4.0 METROPOLITAN TRANSPORTATION PLAN

A. OBJECTIVE

The current Metropolitan Transportation Plan was approved by the TPPB in May 2014. A MTP must address at least a 20-year planning period to include both long and short-range strategies that will lead to the development of an integrated intermodal metropolitan transportation system (23 CFR 450-322). The 2040 MTP will be continually reviewed and revised as needed. The 2045 MTP must be adopted by the TPPB by May 20, 2019 unless designated as non-attainment. Non-attainment MTP planning requires a 4 year update.

B. EXPECTED PRODUCTS

KTMPO will monitor and implement the 2040 MTP designed to meet the objectives and needs of its members. Continued implementation of key planning elements of 2040 MTP may include and are not limited to: local Advisory Groups, updated prioritization of projects utilizing an updated TDM, updated planning and environmental linkages elements in each project, and updates as needed to the CMP.

C. PREVIOUS WORK

KTMPO adopted the 2040 MTP on May 14, 2014. KTMPO participated in the Federal Certification review process as a new TMA in February 2015 pursuant to 23 CFR 450-334. KTMPO was designated as a TMA by FHWA/FTA in the summer of 2012.

D. SUBTASKS –

4.1 Metropolitan Transportation Plan

The MPO staff, with the assistance of consultants as needed, will monitor the implementation of the 2040 MTP to evaluate the impact of changes that may occur in planning policy, project priority, available funding, and federal legislation. MPO staff will submit to the TAC and the TPPB any changes that impact projects or available funding.

KTMPO will promote planning and environmental linkages by attending relevant workshops and providing information to the TAC/TPPB membership. MPO staff will coordinate with appropriate TxDOT staff to implement and support measures including development of purpose and need statements when projects are submitted and coordination with other agencies to identify environmental issues. MPO staff will continue efforts to establish and facilitate local Advisory Groups for Bicycle/Pedestrian and Freight.

Upon analysis of the recently completed TDM, consultants may be utilized to further enhance the model. KTMPO staff, with the assistance of consultants as needed, will use the model to reevaluate and prioritize the projects submitted in the 2040 MTP. Category 7 and 9 funding will be disseminated as funding is announced. The TPPB will prioritize through a competitive scoring process to award Category 7/9 projects.

4.2 Congestion Management Process (CMP)

KTMPO staff will continue with the development and oversight of the CMP. This includes incorporation, prioritization, and identification of the Congestion network. Strategies will be evaluated and identified in the CMP. Correlating data will be reviewed and considered. KTMPO staff may utilize consultants in this process. A proactive public involvement process will be a part of this task.

TASK 5.0 SPECIAL STUDIES

A. OBJECTIVE

To provide a format for the inclusion of a variety of topics necessary to complete the goals and objectives set forth in the 2040 MTP and other unique transportation topics which demand special attention and are beyond the scope of the other regularly-programmed activities and tasks. This task includes subtasks that may not be worked on continuously or that may not be completed in two years. A number of study needs that could have a significant impact on regional planning have been identified by KTMPO partners. These studies are currently unfunded; however, funding options will be explored and may include federal, state, or local resources. Amendments will be generated as needed in the event funding is received.

B. EXPECTED PRODUCTS

Special studies are designed to provide information that has a direct impact to the regional transportation plan.

C. PREVIOUS WORK

Various studies have been completed in past years. These include traffic impact analysis studies, thoroughfare plans, comprehensive plans, and bicycle and pedestrian plans. Staff has recently worked with CDM Smith and Associates to develop the TDM and CMP and with Kimley-Horn & Associates to review the PPP and examine air quality issues. Staff has issued an RFQ for General Planning Services to assist the MPO in General Planning Services which may include: enhancing the TDM, update of the 2040 MTP project listing, and fiscal constraint of projects. The General Planning Services agreements should remain in effect for one year with up to four additional years based on annual reviews.

D. SUBTASKS –

5.1 Travel Demand Model

KTMPO has received the updated TDM. Staff may utilize a consultant to further develop and enhance the model and provide training and assistance as needed. The new TDM data may be utilized with upcoming project calls as well as the MTP 2040 project listing. Priority of projects in the 2040 MTP will be reassessed and documented for potential future funding.

5.2 Air Quality Mitigation and Strategies

KTMPO staff, with the assistance of consultants as needed, will: continue to review data from the ozone monitor at Skylark Field in Killeen and West Temple Park in Temple; develop and seek participation in proactive programs, such as Ozone Advance; and educate the public in reducing ozone levels. Updated information will be provided to the TAC and TPPB as needed to determine appropriate policies and actions for our region.

5.3 Performance Measures

KTMPO staff, with the assistance of consultants as needed, will initiate development of performance measures in accordance with MAP-21 requirements. The MPO will be involved in discussions with FHWA, FTA, and TxDOT in the development of performance measures. The MPO will initiate review of specific data needs that are applicable to the established performance measures.
