

PUBLIC ENGAGEMENT SUMMARY

1. Background

The Metropolitan Transportation Plan (MTP) is a 25-year document that details the current state of transportation, forecasts future needs, and proposes projects and strategies to ensure the efficient movement of people and freight in the KTMPO region. The 2050 MTP encompasses all aspects of transportation planning as well as transportation projects within the KTMPO boundaries. The 2050 MTP contains a list of major regional projects that are fiscally constrained by anticipated revenues over the planning period. Local entities submit projects from their jurisdictions for inclusion in the MTP and the Transportation Planning Policy Board (TPPB) prioritizes these projects based on the needs of the region. To qualify for state or federal funding, projects must be included in the 2050 MTP project listing. This plan is required to be updated every five years to maintain regional alignment.

2. Our Objectives

The objectives of this Public Comment Period are to:

- Inform the public that KTMPO has developed the draft 2050 Metropolitan Transportation Plan (MTP) that details the current state of transportation, forecasts future needs, and proposes projects and strategies to ensure the efficient movement of people and freight in the KTMPO region.
- Create meaningful opportunities for early and ongoing participation by providing pertinent information, actively listening, and seeking to understand the desires of the community.
- Provide opportunities for the public to offer feedback.
- Collect and share the public's comments and concerns with the KTMPO decision-making bodies.
- Incorporate public feedback into the 2050 MTP as appropriate. All public input received during the public comment period is reviewed by staff, the Technical Advisory Committee (TAC) and the Transportation Planning Policy Board (TPPB) and is included in this document, known as the Public Engagement Summary.

3. Tools and Techniques

KTMPO staff informed the public using these one-way channels of communication:

- Posted public meeting notice on the KTMPO website;
- Submitted public meeting notices to the regional county clerks;
- Submitted public meeting notice to the Texas Register (SOS); and
- Placed public meeting notice advertisements in two of the largest regional newspapers with general circulation.

KTMPO staff also used these two-way channels of communication:

- Organic posts on Facebook;
- Conducted two, in-person public meeting;
- Held one, hybrid public meeting;
- Presented at the Troy City Council Meeting;

- Conducted Ride-Along surveys on two different Hill Country Transit District (HOP) routes; and
- Partnered with TxDOT to host a pop-up event at the Rogers High School Cafeteria during their scheduled meeting.

4. Public Comment Notifications and Events

Public Comments were accepted via email, the KTMPO website, telephone, social media, U.S. Postal Service mail, and in person at the public meetings. The Public Comment Period, as outlined in KTMPO's Public Engagement Plan (PEP) **2050 MTP Appendix K**, was 45 days and began June 3, 2024, and ended July 17, 2024.

The public was provided the following options to submit Public Comments:

Email: ktmpo@ctcog.org

Phone: 254-770-2366

Social Media: Killeen-Temple Metropolitan Planning Organization
www.facebook.com/KTMPO

Mail to:

James McGill

Attn: 2050 Metropolitan Transportation Plan (MTP)

P.O. Box 729

Belton TX 76513

Online: [KTMPO Public Comment Form - Official \(office.com\)](#)

Below is a list of the public engagement events:

- June 18, 2024 - Public Meeting #1: Harker Heights Public Library
- June 22, 2024 – Public Meeting #2: Copperas Cove Public Library
- June 26, 2024 – Public Meeting #3: Central Texas Council of Governments
- July 8, 2024 – Presentation to the City of Troy City Council Meeting
- July 9, 2024 – HOP Ride-Along Hybrid Survey
- July 11, 2024 – Pop-Up Event at the Rogers High School Cafeteria, Rogers
- July 16, 2024 – HOP Ride-Along Hybrid Survey

On May 31, 2024, four calendar events were published on the KTMPO website, one for the public comment period beginning on June 3, 2024, and ending on July 17, 2024, and one each for the public meetings on June 18, June 22, and June 26, 2024. Also, on May 31, 2024, notices to post were submitted to the clerks at the Bell, Coryell, and Lampasas County Courthouses and the Central Texas Council of Governments lobby. Public notices were submitted to the Texas Register website on May 31, 2024, with corrections on June 3, 2024. On Saturday, June 1, 2024, advertisements were run in the Killeen Daily Herald and in the Temple Daily Telegram. On June 3, 2024, at 12:00 AM, a Facebook post was published, and three Facebook Events were created for the public meetings on June 18, June 22, and June

26, 2024. All online notices provided information to the Live Virtual Option. A copy of the draft 2050 MTP was linked to the website, the Facebook post and event calendars.

The first Public Meeting was held in Harker Heights, Texas on Tuesday, June 18, 2024, from 4:00 – 6:00 PM at the Harker Heights Public Library. One KTMPO staff was present at this meeting and six members of the public (**PES Appendix A**) expressed an interest in learning about the proposed projects in the area and the development requirements and process. Attendees expressed diverse perspectives both orally and in writing. KTMPO staff shared information regarding projects selected to be funded for FY2025-2028 that included Chaparral Road Phase 3, Warriors Path Upgrade Phase 3, and FM 3423 (Indian Trail Drive) Sidewalk Phase 1. Although some individuals raised concerns about the absence of safe routes to school and the omission of certain streets from the Call for Projects list, many community members expressed their support for the 2050 MTP (**PES Appendix B**). **Table 1**, the Public Comment Log, summarizes the comments and response.

A second Public Meeting was held in Copperas Cove, on Saturday, June 22, 2024, from 10:00 AM – 1:00 PM at the Copperas Cove Public Library. One KTMPO staff was present, and nine members of the public (**PES Appendix A**) expressed an interest in learning about projects in the area and in the area and the development requirements and process. KTMPO staff shared information regarding projects selected to be funded for FY2025-2028 that included Business 190 Phase 4, Fort Cavazos Access Ramps, and Ashley Drive Connection. Most attendees were in favor of the projects and two attendees expressed a desire for more public transit options, specifically asking about the HOP micro-transit services. **Table 1**, the Public Comment Log, summarizes the comment and response.

A third Public Meeting with a Live Virtual Option was held in Belton, on Wednesday, June 26, 2024, from 12:00 – 1:00 PM at the Central Texas Council of Governments. Two KTMPO staff were present at the In-Person Meeting with the Live Virtual Option and one individual attended the meeting (**PES Appendix A**). KTMPO staff reviewed projects in Belton. The attendee was a CTCOG staff member and expressed support for the local projects. No comments were received.

To ensure diversity, equity, inclusion, and accessibility to the transportation decision-making process, KTMPO staff went above and beyond the regulatory requirements by presenting at a city council meeting, partnering with TxDOT by hosting a table at one of their scheduled public meetings and conducting two surveys with Hill Country Transit District (HOP) public transit users.

On Monday, July 8, 2024, Wednesday, starting at 6:00 PM, one KTMPO staff member presented to the City of Troy during a regular meeting with public hearing. There were 18 community members present (**PES Appendix A**). The presentation was an agenda item and community members were invited to ask questions. Ms. Sylvia Guillen asked why the

Goates Road project was prioritized over the Front Avenue project (**PES Appendix B**). Staff explained that it was due to ranking and funding scenarios. Ms. Guillen’s question sparked additional conversation regarding the ranking process, especially as it relates to safety issues. Staff offered to research the process and provide a detailed response. Ms. Guillen was agreeable and completed a Public Comment Form. **Table 1**, the Public Comment Log, summarizes the comment and response.

On Tuesday, July 9, 2024, and Tuesday, July 16, 2024, a KTMPO staff member conducted a survey using a hybrid format, combining online and in-person engagement methods to enhance participation from public transit users. The staff member coordinated with HOP management, and they were agreeable to posting the survey notice. HOP management also selected routes with the highest ridership in the system. The routes were RT-65 that serves Copperas Cove, between 1:45 PM and 3:45 PM, and RT-4 that serves between the Harker Heights Walmart, Killen Mall and the Killeen Walmart, between 2:35 PM and 4:35 PM. Respondents from both routes reported riding the HOP for work, medical appointments, and shopping. The Copperas Cove respondents were excited for microtransit services to begin, while the Killeen respondents expressed frustration and anxiety about the transition from fixed route to microtransit services. Killeen respondents preferred discussing the quality of public transportation services over completing the survey. Many of the Killeen respondents were employed in Temple and their livelihood depended on HOP services. They described long days, often beginning at 5:30 AM and returning home on the last scheduled route of the day. This left no time for grocery shopping at the end of the workday or on the weekends, as the HOP does not operate on the weekends. For this reason, many respondents requested service times be extended until 10 PM and on weekends. The group of Temple commuters requested that prior to microtransit services beginning, have a HOP ambassador provide microtransit services training during a Ride-Along, so all commuters would have access to the training. Both Copperas Cove and Killeen respondents expressed gratitude for their bus drivers. Survey responses are shown in **Figure 3** and the public comments are summarized in **Table 1**.

On Thursday, July 11, 2024, a KTMPO staff member joined TxDOT at their public meeting in the Rogers High School Cafeteria, in Rogers. Nine members of the community stopped by the pop-up table and expressed an interest in the draft 2050 MTP (**PES Appendix B**). Three of the nine respondents signed up for the KTMPO email distribution list (**PES Appendix A**). The public comments are summarized in **Table 1**.

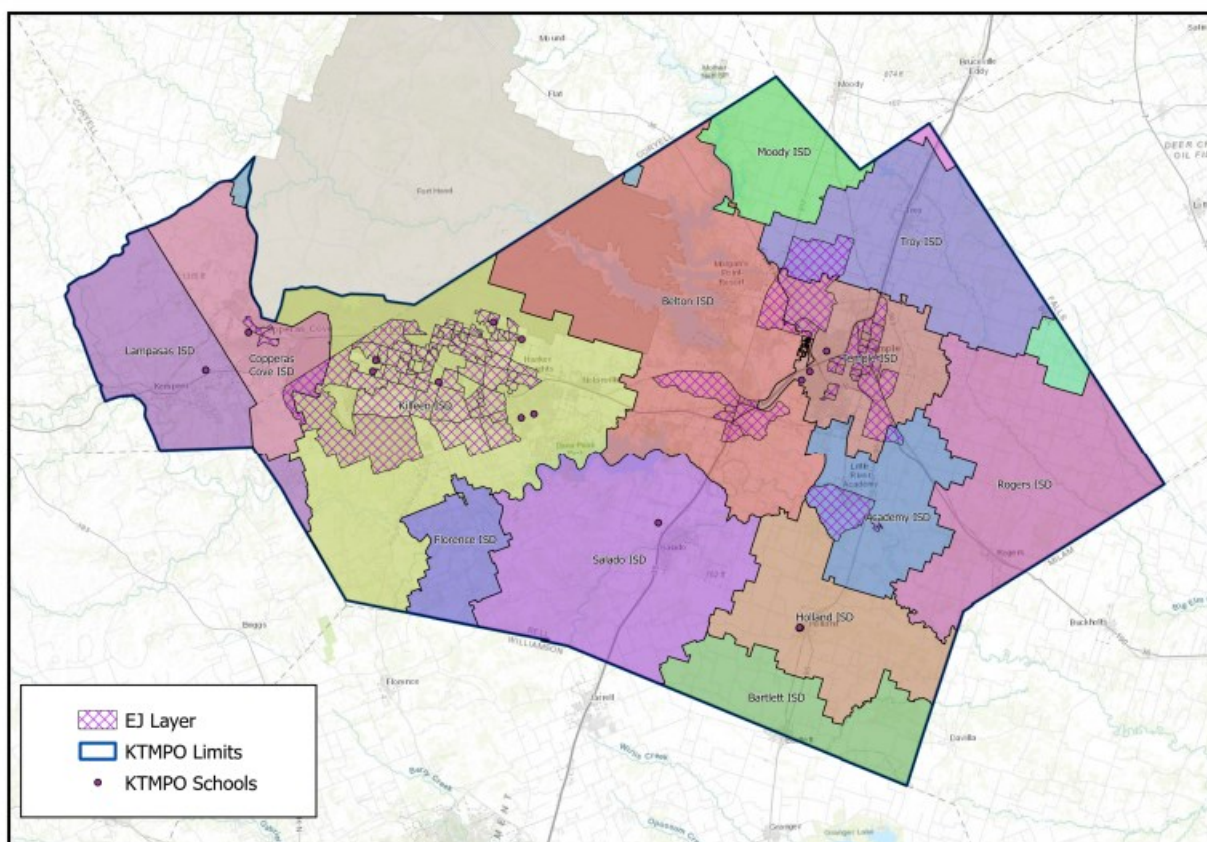

At each of the public meetings and public engagement activities, KTMPO staff provided a binder with the draft 2050 MTP, maps of area specific projects, a graphic of the Vision Statement, Key Values and Goals, the KTMPO rack card, and the KTMPO Public Comment Form, in English and in Spanish.

5. Survey Responses

In our continuous effort to foster community involvement and gather insights that inform the development of the 2050 MTP, KTMPO staff conducted three public engagement surveys beginning mid-May 2024 and ending July 17, 2024. All these surveys were hosted online, ensuring accessibility and convenience for participants from various backgrounds and locations. In addition, the third survey also utilized a hybrid format, combining both online and in-person engagement methods to enhance participation from public transit users. These initiatives aimed to capture a wide array of opinions and feedback, ultimately guiding our current and future transportation planning efforts and decision-making processes. Refer to **Figures 1 - 3** for survey results and **PES Appendix D** for comprehensive survey responses.

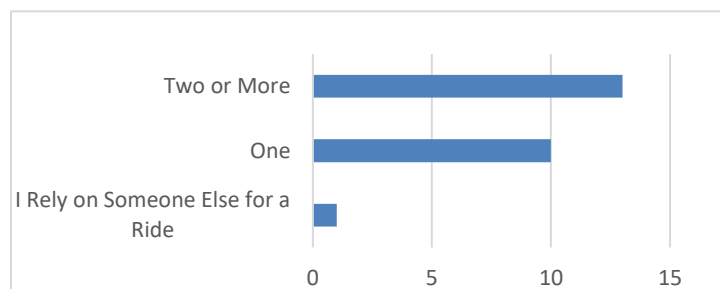

Figure 1.1 What public school is closest to your home?

Schools within EJCOC Zones

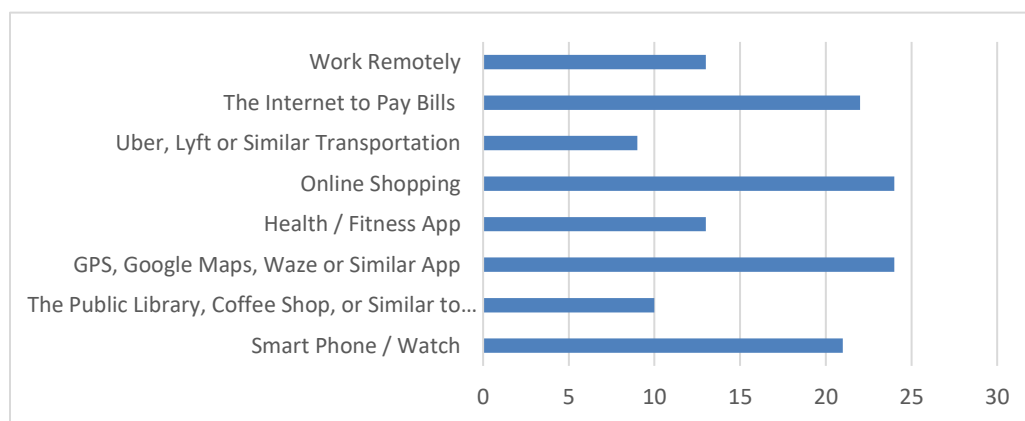

This question was asked to determine whether the respondent's home was in proximity to an Environmental Justice Community of Concern (EJCOC). Although most of the schools are not located within an EJCOC zone, their proximity to the zone (especially when compared to the map with all schools mapped) suggests that respondents likely live within or near an EJCOC zone.

Figure 1.2 How many vehicles are in your household?

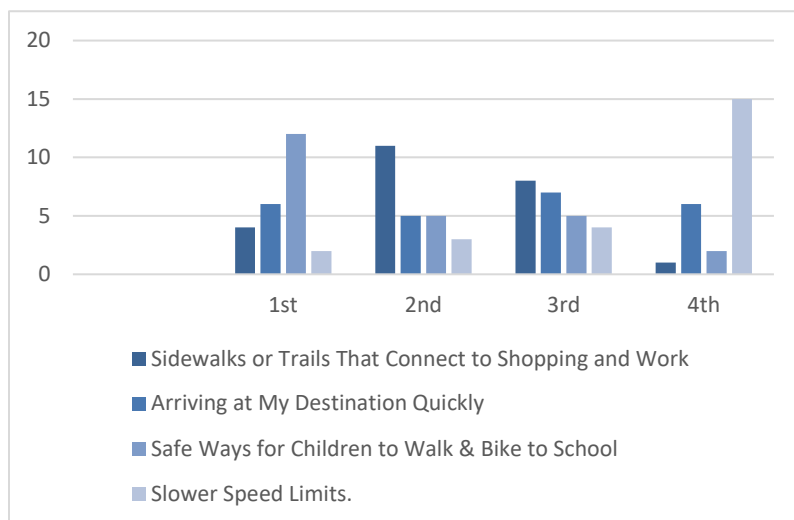

This question was asked to highlight issues of equity and accessibility, environmental impact, and infrastructure planning. All twenty-four respondents answered this question.

Figure 1.3 Please let us know what you have used in the past two years (select all that apply).

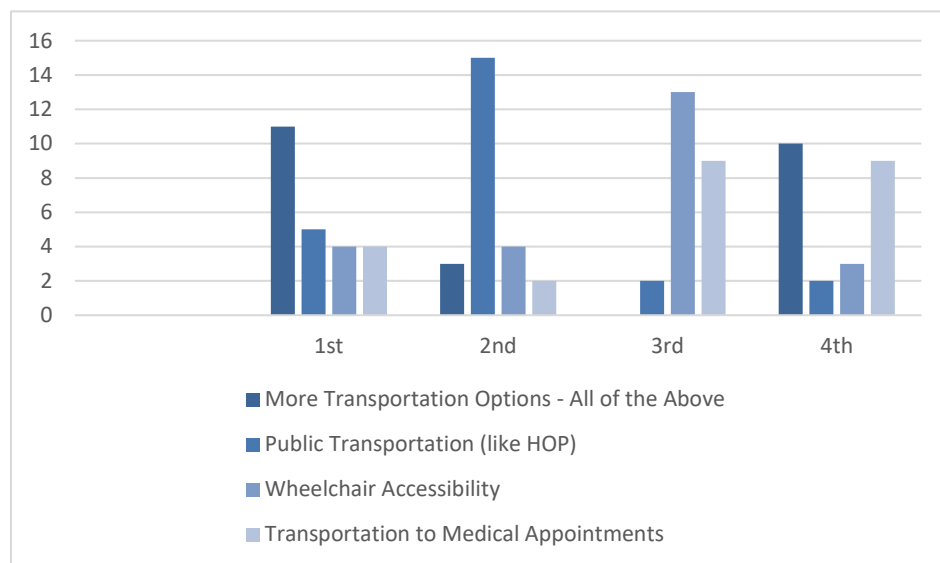

This question was asked to help provide a comprehensive understanding of how digital connectivity influences transportation habits, access, and equity and to determine if respondents can access online transportation services, such as ride-sharing apps, public transit schedules, or bike-sharing systems. All twenty-four respondents completed this question. Of the 24 respondents, ten (41%) have used the public library, coffee shop, or similar setting to access the internet.

Figure 1.4 What is most important to you? Please rank these statements by moving them up/down according to what is important to you. The top line will be what is most important to you and the last line will be least important.

Assessing the importance of safe routes to school, trails, sidewalks, and the ability to reach destinations quickly is vital for ensuring safety, promoting health and wellness, infrastructure development, improving accessibility and quality of life. This information helps planners and policymakers prioritize investments and design transportation systems that meet the needs of the community. All 24 respondents answered this question. Among the 24 respondents, the most important values were prioritized as follows: 50% selected 'Safe Ways for Children to Walk & Bike to School,' 25% chose 'Arriving at My Destination Quickly,' 16.7% opted for 'Sidewalks or Trails That Connect to Shopping and Work,' and 8.3% preferred 'Slower Speed Limits.'

Figure 1.5 What is most important to you? Please rank these statements by moving them up/down according to what is important to you. The top line will be what is most important to you and the last line will be least important.

Public transit, access to medical appointments, and wheelchair accessibility are essential components of the transportation planning process. They ensure equity and inclusion by providing affordable and accessible transportation options for all community members, including those with disabilities. Reliable transportation to medical appointments is crucial for public health, while accessible public transit supports economic opportunities and enhances quality of life. All 24 respondents answered this question. Among the 24 respondents, the most important values were prioritized as follows: 45.8% selected 'More Transportation Options – All of the Above'; 20.8% chose 'Public Transportation (like HOP)'; 16.7% opted for 'Transportation to Medical Appointments' and that tied with 'Wheelchair Accessibility' at 16.7%.

The last survey question invited respondents to be added to the KTMPO email distribution list. Of the 24 respondents, eight provided their email address.

In conclusion, the survey responses shown in **Figure 1** included five questions about transportation topics and one question inviting respondents to subscribe to the email distribution list. The survey received 24 total responses (**PES Appendix D**). This small sample size may not be representative of the entire population, potentially introducing response bias and making it harder to detect significant differences or trends. In addition, during this time, some of the communities in the region received significant damage from two tornadoes, rendering it inappropriate to proceed with another survey immediately.

following the disaster. However, the feedback received informed staff that although 54% of the respondents had two or more vehicles in the household, 50% ranked safe routes for children to bike and walk to school as their top priority.

While the first survey informed KTMPO staff of the public’s desire for safer routes for children to bike and walk to school, the second and third surveys (**PES Appendix D**) focused on assessing the inventory, quality, accessibility, and connectivity of sidewalks, crosswalks, and trails. These surveys also evaluated which transportation facilities were funding priorities, assessed the public’s confidence in KTMPO’s ability to effectively fulfill its vision statement, values, and goals and offered respondents an opportunity to subscribe to the KTMPO email distribution list. Both the “Last Chance Survey” **Figure 2 (PES Appendix D)** and the “Survey for Public Transit Users” **Figure 3 (PES Appendix D)** asked the same questions; however, the survey utilized branching techniques, which tailor the question path based on previous answers, thereby eliminating irrelevant questions and ensuring respondents only answer questions pertinent to their experiences and perspectives. In addition, KTMPO staff conducted a majority of the “Survey for Public Transit Users” orally on the HOP Ride-A-Long on the Copperas Cove RT-64 and on the Killeen RT-4.

Figure 2.1 I have ____ vehicles in my household.

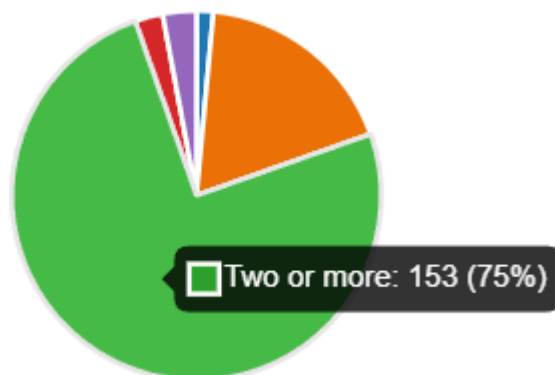

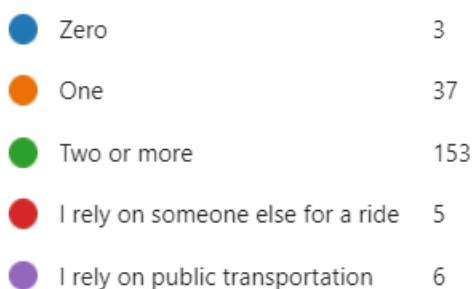

Figure 2.2 I also use the HOP for transportation.

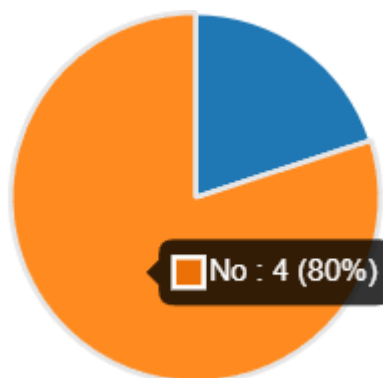

Figure 2.3 I use each vehicle ____.

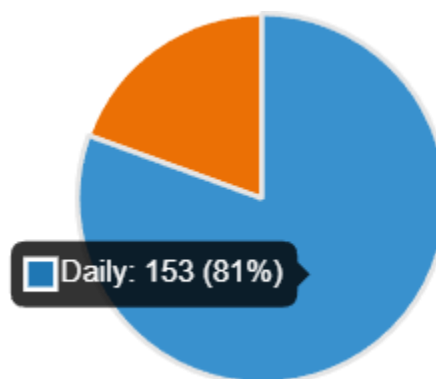

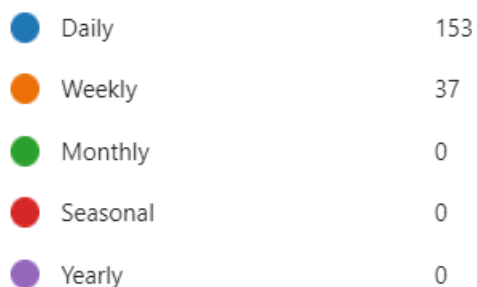

Figure 2.4 I ride the HOP for these reasons.

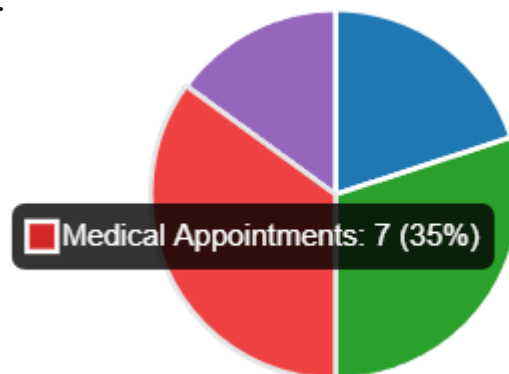

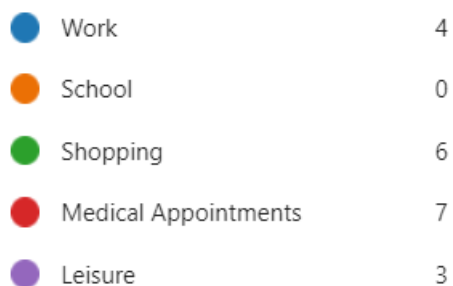

Figure 2.5 Riding the HOP improves my quality of life.

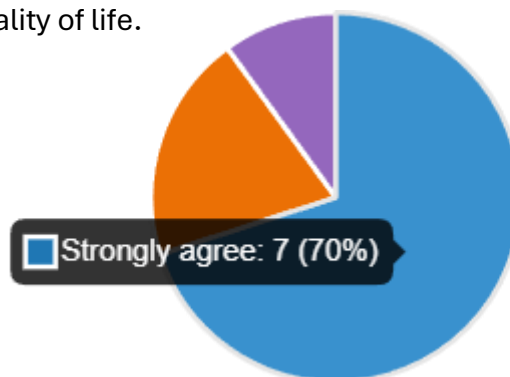

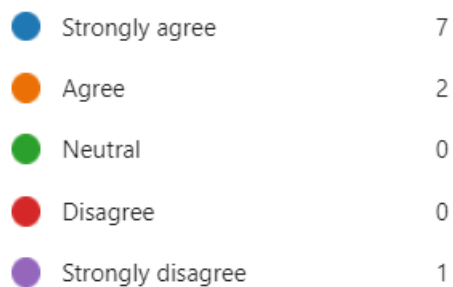

Figure 2.6 I feel safe when using public transportation.

Figure 2.7 I feel that transportation options in my area are equally accessible and fair for all community members, regardless of their income, race, age, or physical ability.

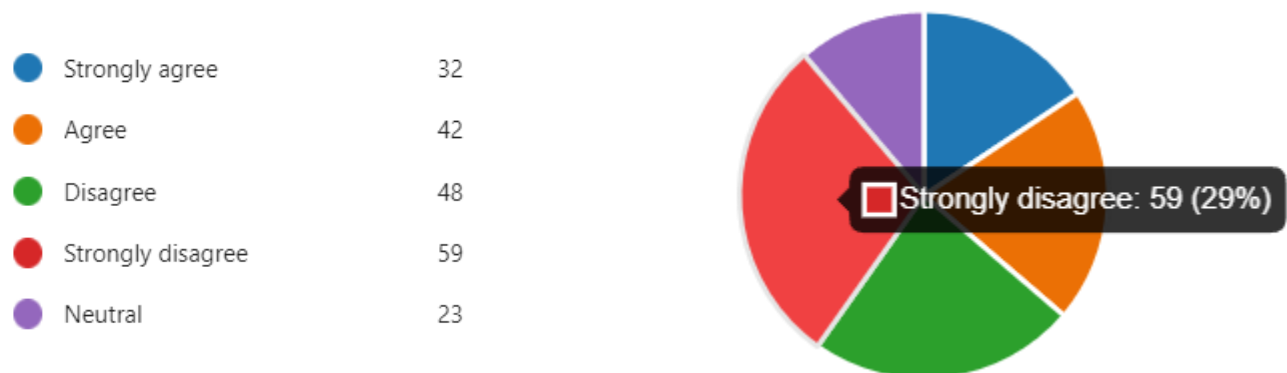

Figure 2.8 There are enough crosswalks in my community to meet my needs.

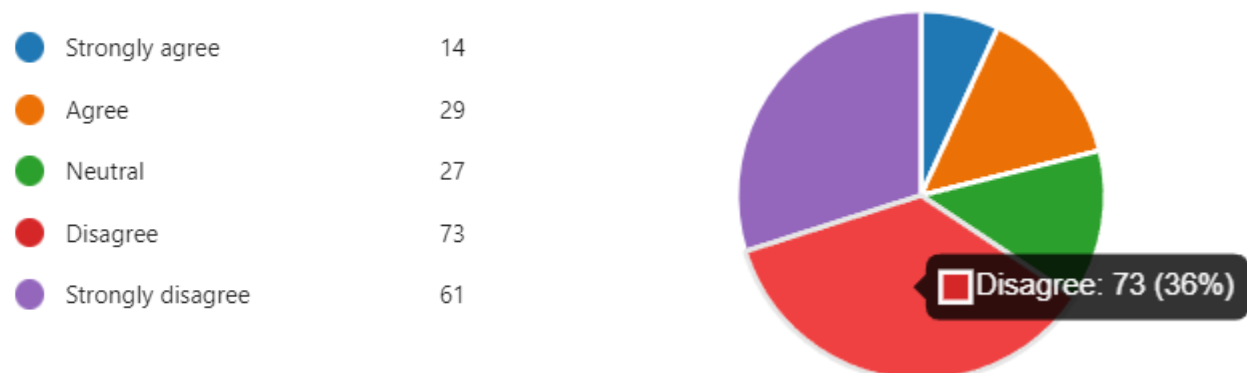

Figure 2.9 The quality and accessibility of sidewalks in my area are:

Figure 2.10 The walking and biking trails in my area are well-connected.

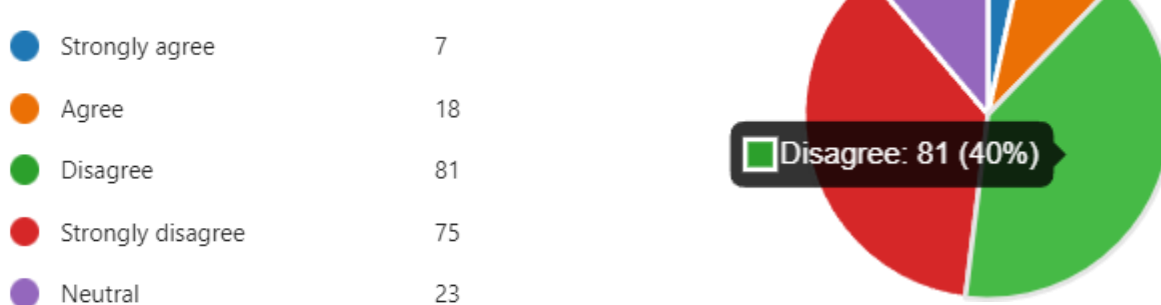

Figure 2.11 I use sidewalks and trails for walking, biking, and other activities (like shopping).

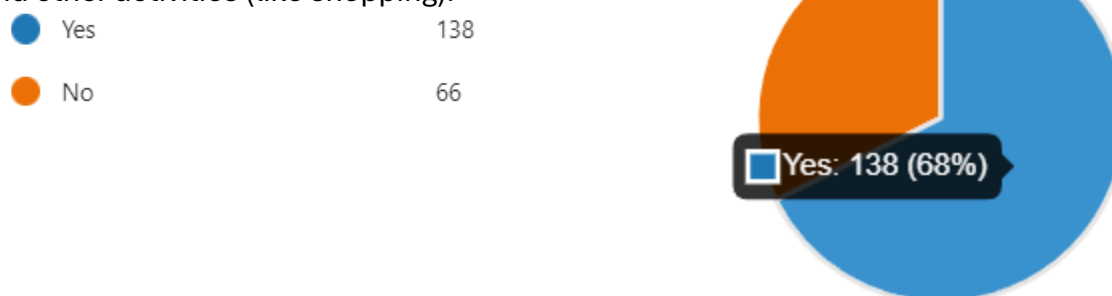

Figure 2.12 I do not use sidewalks and trails for walking, biking, and other activities because:

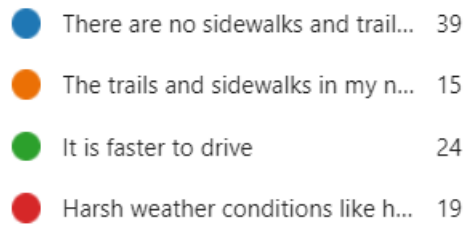

Figure 2.13 I would like to see the following connectivity improvements in my area (Select all that apply):

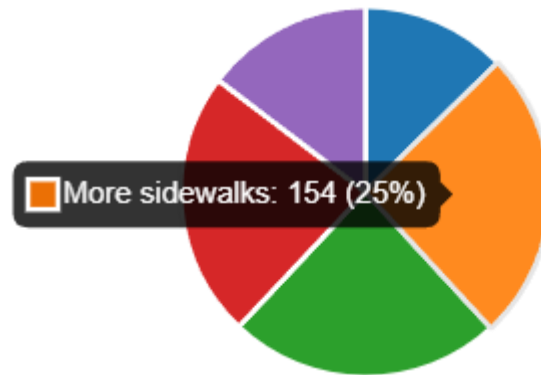

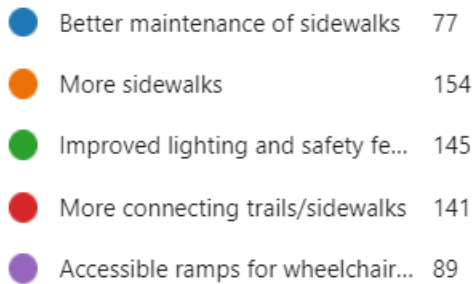

Figure 2.14 Please select the top three choices. I would prioritize funding for these transportation projects:

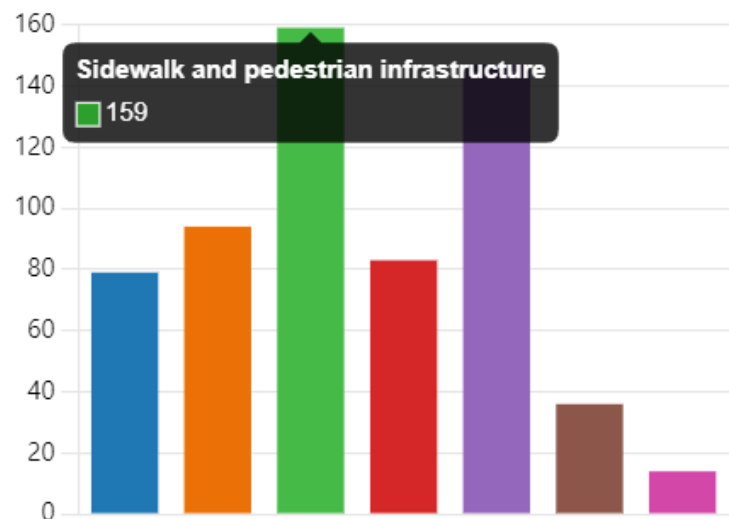

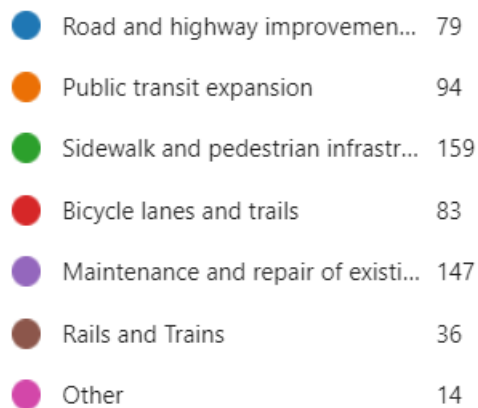

Figure 2.15 Please select all that apply. To meet the changing transportation needs of our area in the next 10-20 years, we will need to address:

Figure 2.16 It is very important for our community to implement innovative and adaptable transportation solutions (such as smart traffic management, advanced public transit systems, or flexible route planning).

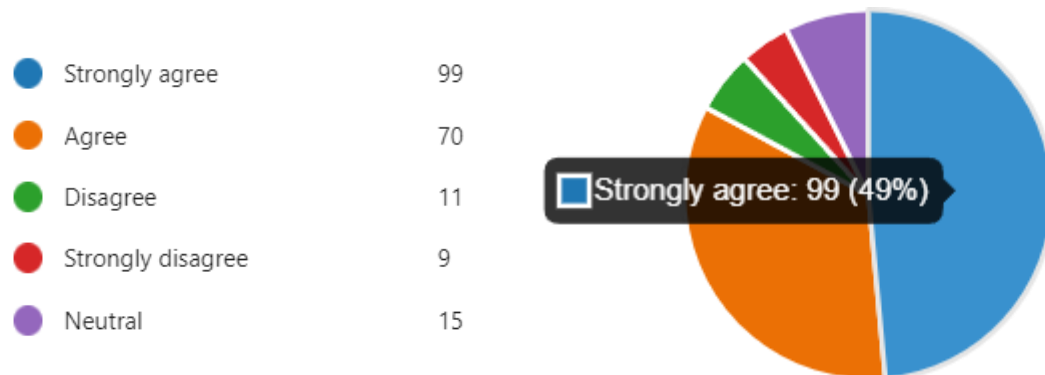

Figure 2.17 In the past 12 months, I have had difficulty affording the internet.

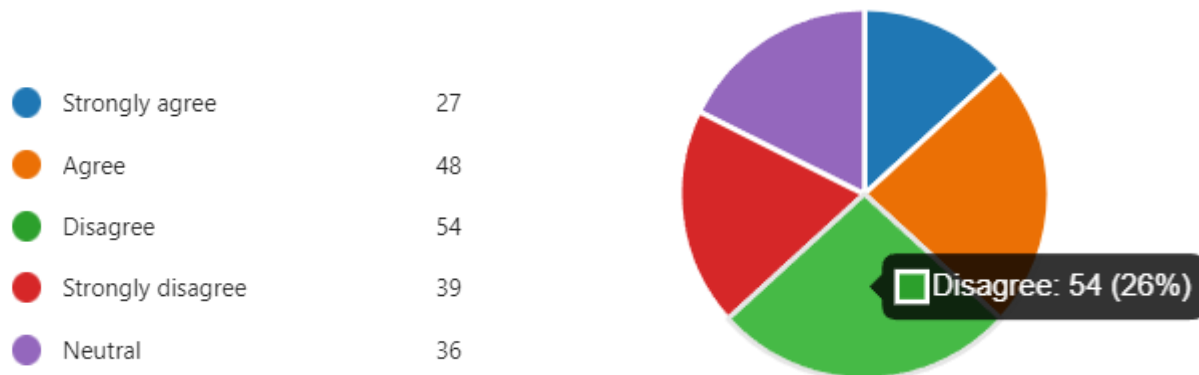

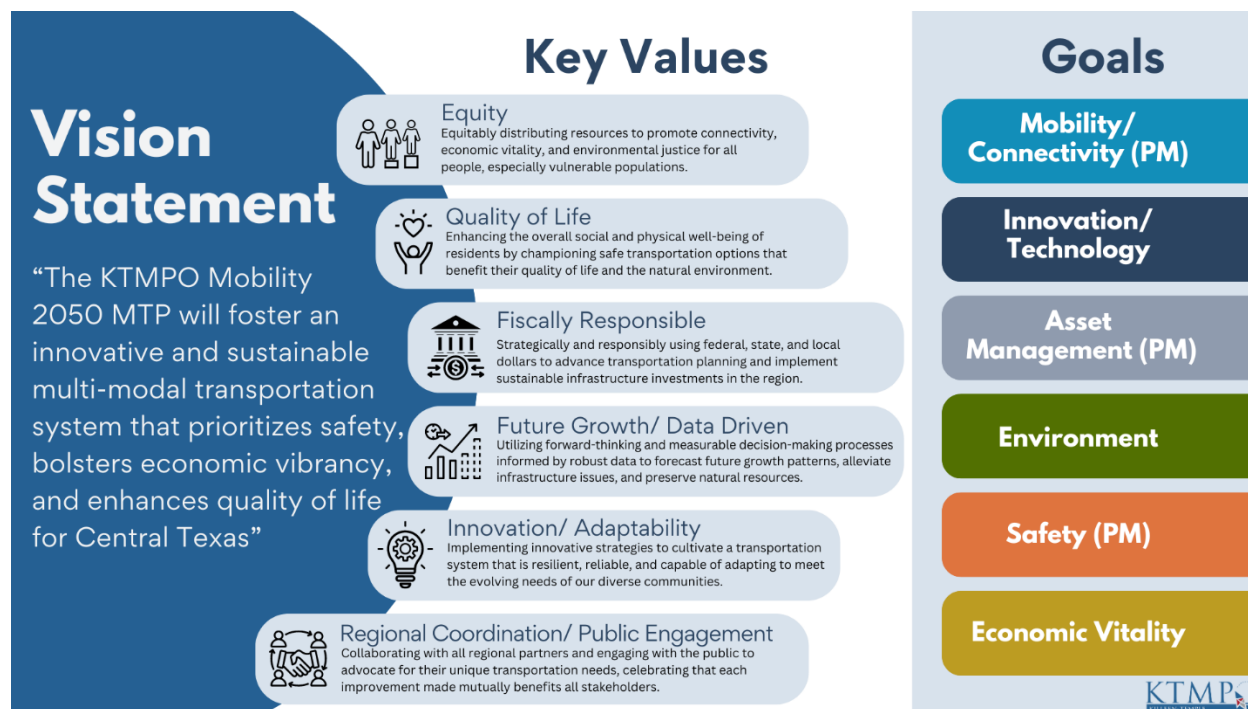

Figure 2.18 I am confident that the Killeen-Temple MPO Vision Statement, Key Values and Goals are achievable.

Agree	84
Disagree	23
Strongly disagree	12
Neutral	53

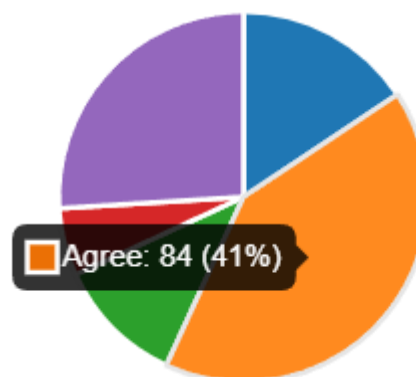

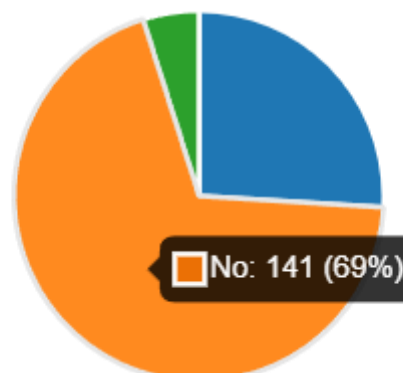

Figure 2.19 I have participated in a public meeting or survey regarding transportation planning.

Yes	53
No	141
Unsure	10

The last survey question invited respondents to be added to the KTMPO email distribution list. Of the 204 respondents, 85 provided their email address.

Figure 3.1 I have ____ vehicles in my household.

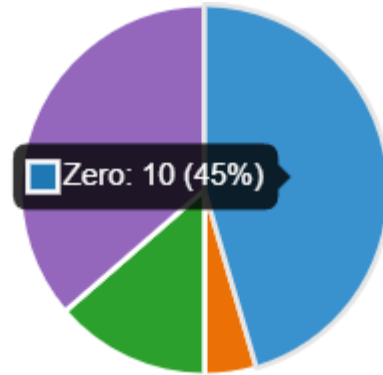

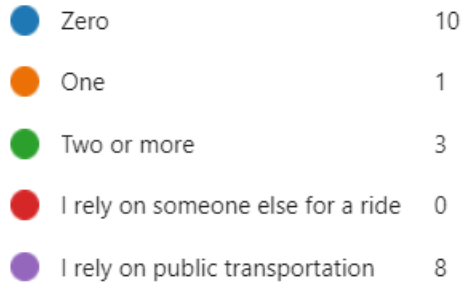

Figure 3.2 I also use the HOP for transportation.

This question was skipped because respondents are HOP users.

Figure 3.3 I ride the HOP for these reasons.

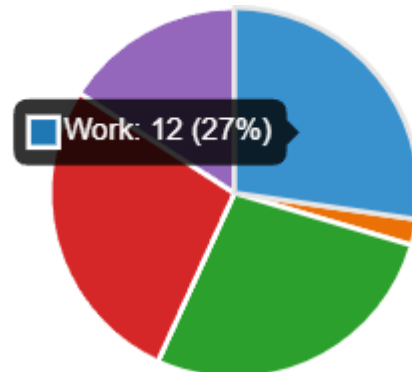

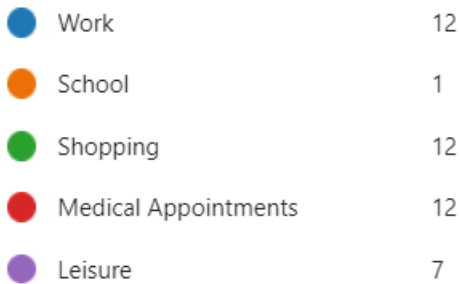

Figure 3.4 Riding the HOP improves my quality of life.

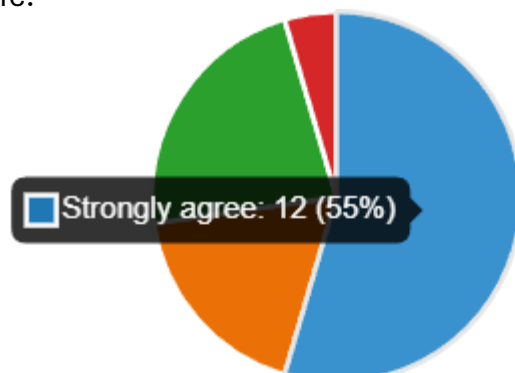

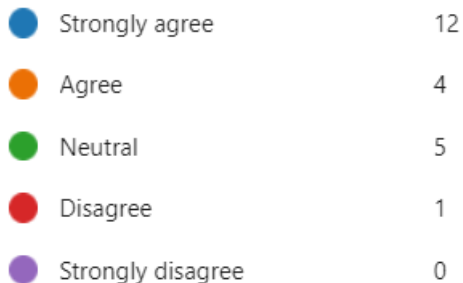

Figure 3.5 I feel safe when using public transportation.

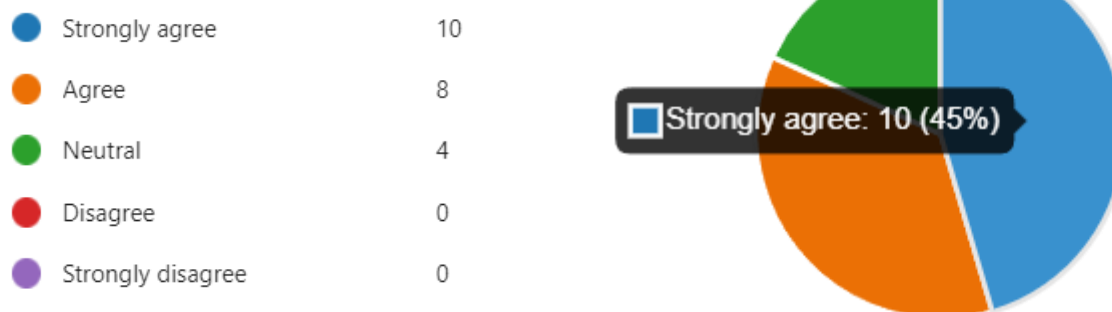

Figure 3.6 I feel that transportation options in my area are equally accessible and fair for all community members, regardless of their income, race, age, or physical ability.

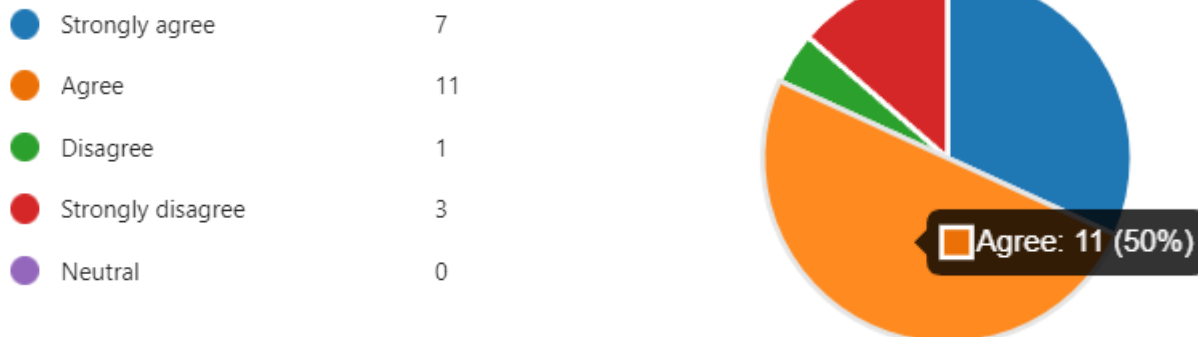

Figure 3.7 There are enough crosswalks in my community to meet my needs.

Figure 3.8 The quality and accessibility of sidewalks in my area are:

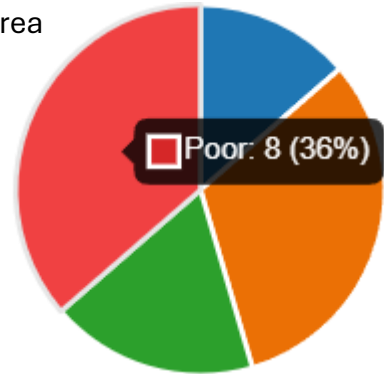

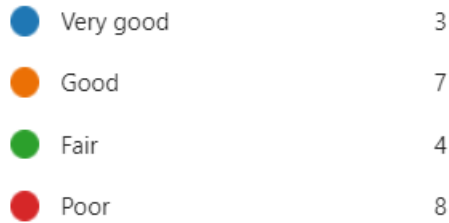

Figure 3.9 The walking and biking trails in my area are well-connected.

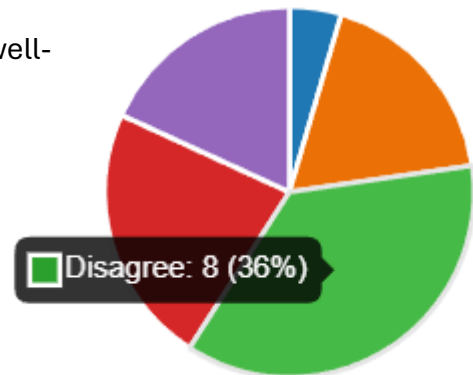

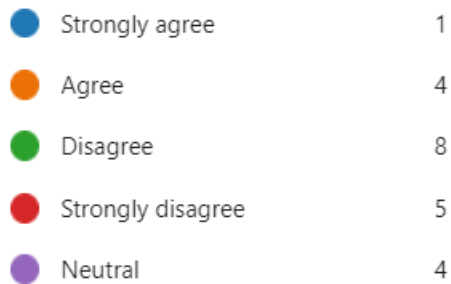

Figure 3.10 I use sidewalks and trails for walking, biking, and other activities (like shopping).

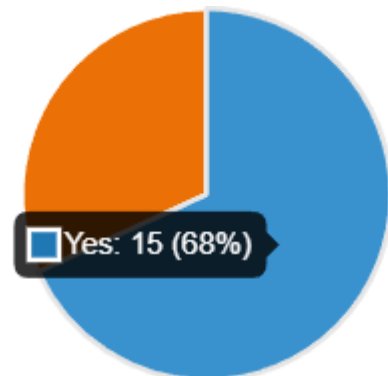

Figure 3.11 I do not use sidewalks and trails for walking, biking, and other activities because:

- There are no sidewalks and trail... 4
- The trails and sidewalks in my n... 0
- It is faster to drive 2
- Harsh weather conditions like h... 1

Figure 3.12 I would like to see the following connectivity improvements in my area (Select all that apply):

- Better maintenance of sidewalks 14
- More sidewalks 16
- Improved lighting and safety features 19
- More connecting trails/sidewalks 15
- Accessible ramps for wheelchair users 11

Figure 3.13 Please select the top three choices. I would prioritize funding for these transportation projects:

- Road and highway improvements 5
- Public Transit expansion 21
- Sidewalk and pedestrian infrastructure 16
- Bicycle lanes and trails 5
- Maintenance and repair of existing infrastructure 9
- Rails and Trains 10

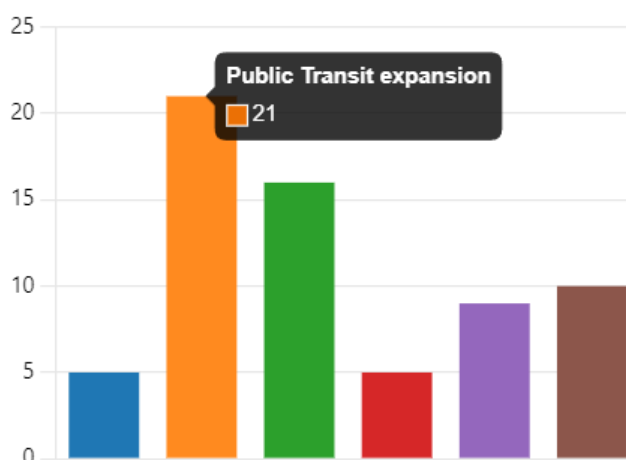

Figure 3.14 Please select all that apply. To meet the changing transportation needs of our area in the next 10-20 years, we will need to address:

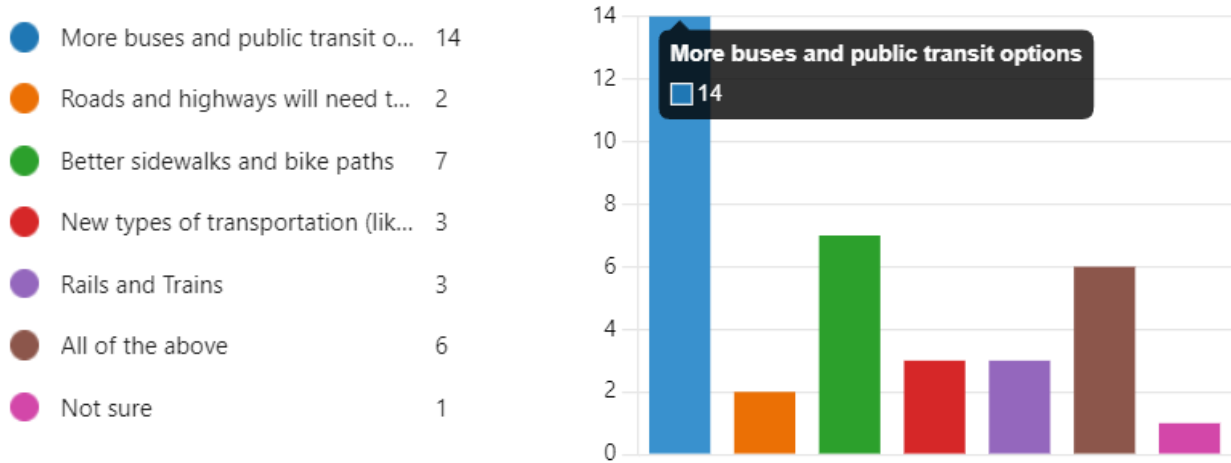

Figure 3.15 It is very important for our community to implement innovative and adaptable transportation solutions (such as smart traffic management, advanced public transit systems, or flexible route planning).

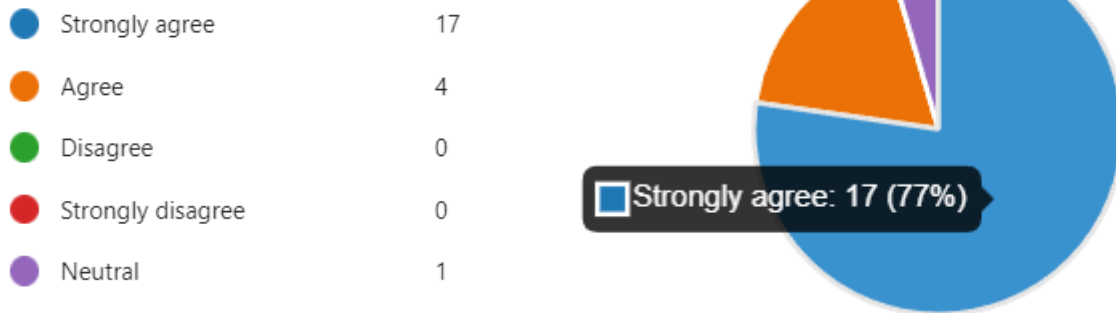

Figure 3.16 In the past 12 months, I have had difficulty affording the internet.

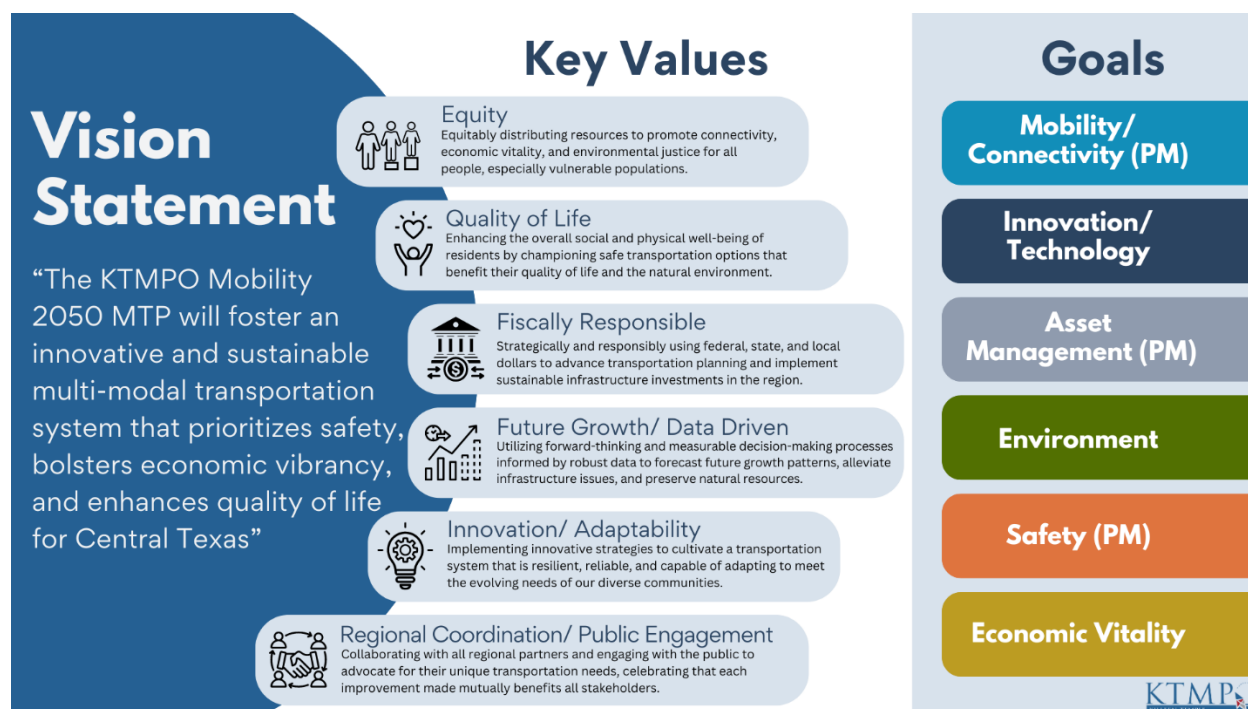

Figure 3.17 I am confident that the Killeen-Temple MPO Vision Statement, Key Values and Goals are achievable.

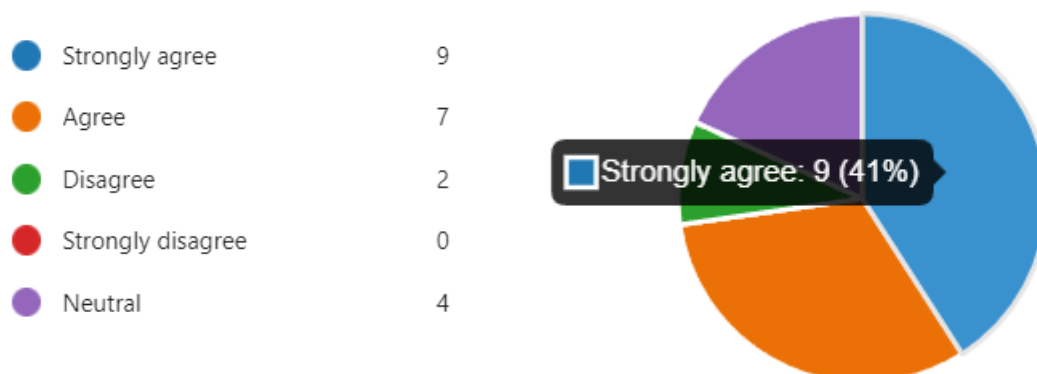

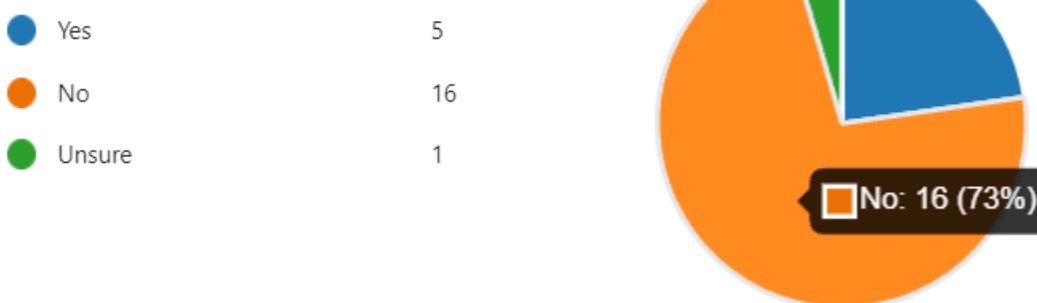

Figure 3.18 I have participated in a public meeting or survey regarding transportation planning.

In conclusion, the “Last Chance Survey” **Figure 2** (solely online) received 204 responses. Of the 204 responses, 84 respondents requested to be added to the email distribution list. The feedback also informed staff that 75% of the respondents owned two or more vehicles. When given the option to select the top three funding priorities, respondents chose sidewalk and pedestrian infrastructure, maintenance and repair of existing roadways and public transit.

The “Survey for Public Transit Users” **Figure 3** (hybrid) received 22 responses. Of the 22 responses, three respondents requested to be added to the email distribution list. The feedback also informed staff that 81% of the respondents did not own a vehicle or relied on public transit. When given the option to select the top three funding priorities, respondents chose public transit, sidewalk and pedestrian infrastructure, and rails and trains.

In addition, the combined survey results **Figure 2 and 3**, indicate more than half of the respondents (58%) believe that KTMPO is capable of effectively accomplishing its mission statement, upholding its values, and achieving its goals.

It is important to note that the comprehensive public engagement efforts and survey response rates shown in **Figures 2 and 3** were due to the collaborative efforts of the KTMPO voting member representatives who shared KTMPO’s social media posts promoting the survey as shown in **Figures 4, 5 and 6**.

Your voice matters!

This is your chance to have a say in how we grow and improve our transportation system over the next 10-20 years.

How?

- Take the survey <https://forms.office.com/r/DL5AgRkPEB>
- Your voice (the survey results) become a matter of public record and are included in the 2050 Metropolitan Transportation Plan Public Comment Summary Log.
- The survey results are shared with the KTMPO Transportation Planning Policy Board (TPPB) and Technical Advisory Committee (TAC).

What is the MTP 2050?

The Metropolitan Transportation Plan (MTP) is the 25-year document that outlines the state of current transportation, projects future needs, and offers projects and other methods for keeping the people and freight in the KTMPO region moving efficiently.

To read the Draft MTP 2050 which is scheduled be approved on July 24, 2024, by the KTMPO Transportation Planning Policy Board (TPPB), click here <https://ktmpo.org/.../public-meeting-comments-for-the.../>

Together, we can build a transportation system that's efficient, sustainable, and reflects the unique character of our urban and rural community.

6. Public Comments Log

Below are the public's actual comments, showcasing a diverse range of opinions and insights on the draft 2050 MTP and KTMPO staff responses. **Table 1**, the Public Comment Log, summarizes the comments received from public meetings, engagement events, surveys, and emails (**PES Appendix B, C, D**).

An overview of locations where comments were received:

- 2050 MTP Steering Committee
- Email
- Public Meeting held at the Harker Heights Public Library
- Public Meeting held at the Copperas Cove Public Library
- Presentation to the City of Troy City Council Meeting
- HOP Ride-A-Long Hybrid Survey – Copperas Cove
- Pop-Up Event at the Rogers High School Cafeteria, Rogers
- HOP Ride-A-Long Hybrid Survey -Killeen

Table 1

Comment Number	Date Received	Commenter Name	Source	Comment	KTMPPO Response
1	5/1/2024	Jason Deckman	Steering Committee Comment by Email	“40” is the footnote from another document?	Thank you for your comment. The 40 is in reference to Justice40, a federal initiative aimed at ensuring that 40% of the overall benefits of certain federal investments flow to disadvantaged communities.
2	5/1/2024	Jason Deckman	Steering Committee Comment by Email	Is it worth adding links to other documents like the UTP in the final pdf that gets published online.	Thank you for your comment. The references with URL links begin on Page 189.
3	5/1/2024	Jason Deckman	Steering Committee Comment by Email	RE: Chapter 5, Public Transit; Add an opening sentence to make clear to the reader “Here’s a rundown through the history of transit planning and public engagement in the KTMPO region.”	Thank you for your comment. This is addressed on Page 119.
4	5/1/2024	Jason Deckman	Steering Committee Comment by Email	RE: Chapter 5, Public Transit; Maybe rephrase this system so you don’t have the comma-separated phrase hanging on the end of the sentence. It reads a bit clunky. Maybe try to rephrase it in an active voice.	Thank you for your comment. This is addressed on Page 126.

Comment Number	Date Received	Commenter Name	Source	Comment	KTMPPO Response
5	5/1/2024	Jason Deckman	Steering Committee Comment by Email	RE: Chapter 5, Public Transit; Implementation of two-trolley bus route, did I miss an email?	Thank you for your comment. This project is still in the idea stage. There are no concrete plans made for its creation and operation.
6	5/1/2024	Jason Deckman	Steering Committee Comment by Email	RE: Chapter 5, Public Transit; The old bus terminal building at Santa Fe Plaza has been closed for a few years. The Greyhound website lists Barton Ave as the pickup point. Change Court House to Municipal Court. Remove “city” from Whistlestop Park.	Thank you for your comment. This is addressed on Page 131.
7	5/1/2024	Jason Deckman	Steering Committee Comment by Email	RE: Chapter 5, Public Transit; “It is estimated...” Change to active voice.	Thank you for your comment. This will not be addressed.
8	6/5/2024	Parrie Haynes Ranch Ona Trubee	Social media, Telephone, Email	“What is going on. The road again?” PES Appendix C <i>KTMPPO staff clarified this comment is referencing the draft 2050 MTP Exhibit 4.8 and Exhibit 4.9 being unclearly labeled.</i>	Thank you for your comment regarding the map identified as Exhibits 4.8 and 4.9 (Draft 2050 MTP). Clarifying map labels are addressed. There are two different plans referenced in the Draft 2050 MTP. In the Final 2050 MTP, the map

Comment Number	Date Received	Commenter Name	Source	Comment	KTMPPO Response
					labeled Exhibit 4.8 is from the 2018 Regional Thoroughfare Plan and is now referenced as Figure 5.7 and Exhibit 4.9 is from the approved 2023 Bell County Thoroughfare Plan and is now Figure 5.8. Both maps will be kept in the Final 2050 MTP as references to other plans: KTMPO defers to the approved 2023 Bell County Thoroughfare Plan for any Bell County maps; and the 2018 Plan was the last regional plan approved by KTMPO.
9	6/18/2024	Steve Moody	Public Mtg Harker Heights Public Library (Oral)	Where is Featherline Road on the plan? I read about the problem in the newspaper, otherwise I would not have known.	Thank you for your comment. KTMPPO staff reviewed the 2050 Project Listing, explained the process and confirmed that the Featherline Road project was not submitted by the City of Killeen. The community member thanked staff for the explanation. Staff also shared the comment with the City of Killeen planning

					staff, the TPPB, and Kimley Horn consultants for the Safe Streets and Roads for All to review.
10	6/18/2024	Tristian Sanders	Public Mtg Harker Heights Public Library (Written)	From what I've seen so far, everything looks acceptable! Be mindful of our environment and the communities in our region. We have enough pollution problems given our state is highly polluted, so all I ask for is that the project is green, friendly & beneficial to all CTX citizens. Thank you, and keep up the good work!	KTMPPO expressed gratitude for the positive comment.
11	6/18/2024	Dennis Faulkner	Public Mtg Harker Heights Public Library (Oral)	Paraphrased by KTMPPO staff citizen expressed an interest in understanding how funding priorities were made when there were conflicts between KTMPPO board members in prioritizing projects.	KTMPPO staff explained the Policy Board and TAC structured outlined in Chapter 1 and described the agenda, action item and discussion, work groups and the public comment periods mandated by Federal Transportation Bills outlined in Chapter 2 of this plan, as well as the PEP. Citizen representative,

Comment Number	Date Received	Commenter Name	Source	Comment	KTMPPO Response
					Spencer Smith affirmed the process.
12	6/18/2024	Anonymous Citizen	Public Mtg Harker Heights Public Library (Oral)	1. Need a pedestrian bridge from the high school over Knight's Way in Harker Heights. 2. Holana Drive and Stillhouse Lake Road need a pedestrian crosswalk.	Thank you for your comment and input. KTMPPO staff provided active listening, submitted comments to SS4A interactive map, and shared the feedback with the City of Harker Heights.
13	6/22/2024	Vonya Hart	Public Mtg Copperas Cove Public Library (Oral)	1. Where is the list of Transportation Planning Policy Board directors located?	Thank you for your comment. KTMPPO staff updated the website with the Policy Board members and informed the community member by email.
14	6/22/2024	Monica Transue	Public Meeting Copperas Cove Public Library (Oral)	Can you send me a list of all Temple's projects?	Thank you for your comment. KTMPPO staff responded by email with a list of Temple's projects.
15	7/8/2024 & 7/9/2024	Sylvia Guillen	City of Troy - City Council Regular Meeting with Public	1. Who prioritizes projects of Goates Road and Front Ave? 2. Front Avenue is a convenience road that is	Thank you for taking the time to clarify your concerns regarding the project selection of Front Ave over Goates Road.

Comment Number	Date Received	Commenter Name	Source	Comment	KTMPPO Response
			Hearing (Oral & Telephone F/U)	used by patrons of a few businesses. The patrons from Main Street and the strip mall don't have to drive on the access road because it takes a mile to get to the turnaround – to avoid extra travel time. 3. The residents would be better taken care of if the Goates Road project had been selected over Front Ave because Goates Road is a main thoroughfare for both the high school and elementary/middle school. Goates Road is in very poor condition, is a safety hazard to both pedestrians and vehicles because of the large craters in the road that you can't dodge. Now Shelley Drive is looking just as bad because people are using it as an alternate route.	Your opposition to the 2050 MTP Project Listing selecting Front Ave over Goates Road is noted. KTMPPO staff provided active listening and encouraged the community member to complete the Draft 2050 MTP survey, provided URL links to the Draft 2050 MTP posted on the KTMPPO website and to the Safe Streets and Roads for All website. KTMPPO offered to schedule a telephone call or in-person meeting to discuss project ranking / funding for the Front Ave. over Goates Road project.

Comment Number	Date Received	Commenter Name	Source	Comment	KTMPPO Response
				4. I didn't get a survey or I would have said something. 5. Who finalizes the decision of the project? Would a team be available to review the decision on projects?	
16	7/9/2024	Anonymous	Survey for Public Transit Users - CC	Prices for buses are going up. I can't afford the bus prices.	Thank you for your comment. KTMPO staff provided active listening and shared with HCTD staff.
17	7/11/2024	Chip Howell	TxDOT I-14 Extension for the Proposed US 190/SH 36 Improvements Public Meeting (written)	Have you considered the impact of Samsung on the SW Bell County Communities, i.e., Bartlett, Holland & LRA on Hwy 95?	Thank you for your comment. The impact of Samsung on SW Bell County communities is addressed on Page 21.
18	7/11/2024	Donna Adams	TxDOT I-14 Extension for the Proposed US 190/SH 36 Improvements	I'm looking for a freight corridor.	Thank you for your comment. KTMPO staff provided information about freight, distributed the rack card, added the attendee to the FAC Distribution List, and

			Public Meeting (oral)		followed up via email. No further information was requested.
19		Anonymous	Last Chance Survey	We have a city council and paid directors of each office that are SUPPOSED to address issues etc when residents bring things to their attention. I don't have enough time in the day to address all the things that need improvement in our area. Me complaining at a city council meeting shouldn't be the plan if action. Our street near repaving badly!!!!	Thank you for your comment. Respondent did not provide any contact information.
20	7/11/2024	Sarah	TxDOT I-14 Extension for the Proposed US 190/SH 36 Improvements Public Meeting (oral)	I'm interested in the public transit meetings.	Thank you for your interest. KTMP staff followed up by email with information on the next CTRTAG meeting date and added the respondent to email distribution list.
21	7/11/2024	Donna Adams	TxDOT I-14 Extension for the Proposed US 190/SH 36 Improvements	Freight Corridor	Thank you for your comment. KTMP staff sent an email with details about the next FAC meeting date. The community member replied by email,

From what I've seen so far, everything looks acceptable! Be mindful of our environment & the communities in our region. We have enough pollution problems given our state is highly polluted, so all I ask for is that the project is green, friendly & beneficial to all CTX citizens. Thank you, and keep up the good work!

Who Prioritize projects of
Goates Rd and Small DSD Roads?

Goates should be reviewed again due to
traffic/Buses with children near that Roads.

Who Finalizes the Decision of Project?

Would a team be available to review

the decision on Projects?

Thank You
Sylvia
Guillen

to say?

Front Ave is a convenience
road that is used by
patrons of a few business.

(the patron from)
main street & strip mall
they don't have
to drive on the access road
because it takes a mile to
get to the turn around - in
order to avoid extra travel
time

Residents would be taken
care
Goates Road project should have
been selected over Front Ave
because Goates Road is a
main thoroughfare for both

H.S. & Elementary / Middle School

It is in very poor condition.
with large pot holes.

I do not use sidewalks and trails for walking, biking, and other activities because	I would like to see the following connectivity improvements in my area (select all that apply).	Please select the top three choices. I would like to see the following connectivity improvements in my area (select all that apply).	Please select all that apply. To meet the changing transportation needs of our area in the next 10-20 years, we will need to address:	It is very important for our community to implement innovative and adaptable transportation solutions (such as smart traffic management, advanced public transit systems, or flexible route planning).	In the past 12 months, I have had difficulty affording the internet.	I am confident that the Killeen- Temple MPO Vision Statement, Key Values and Goals are achievable.	I have participate d in a public meeting or survey regarding transportation planning.	I would like more information, please add my email to the Email Distribution List.
